INFORMATION CIRCULAR – PROXY STATEMENT

**Annual Meeting of Shareholders
to be held on May 25, 2011**

PROXIES

Solicitation of Proxies

This information circular (the "**Information Circular**") is furnished in connection with the solicitation of proxies by the management of Bellatrix Exploration Ltd. ("**Bellatrix**" or the "**Corporation**") for use at the Annual Meeting of holders ("**Shareholders**") of common shares ("**Common Shares**") of the Corporation to be held on Wednesday, May 25, 2011 at 3:00 p.m. Calgary time, in the Devonian Room, Calgary Petroleum Club, 319 – 5th Avenue SW, Calgary, Alberta, Canada, T2P 0L5, (the "**Meeting**") and at any adjournment(s) thereof, for the purposes set forth in the Notice of Meeting accompanying this Information Circular.

Forms of Proxy must be received by Computershare Trust Company of Canada, Attention: Proxy Department, 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for the holding of the Meeting or any adjournment thereof. The board of directors (the "**Board**") has fixed the record date for the Meeting as the close of business on April 15, 2011 (the "**Record Date**"). Shareholders of the Corporation of record as at the Record Date are entitled to receive notice of the Meeting and to vote those Common Shares included in the list of Shareholders entitled to vote at the Meeting prepared as at the Record Date, unless any such Shareholder transfers shares after the Record Date and the transferee of those Common Shares, having produced properly endorsed certificates evidencing such Common Shares or having otherwise established that he or she owns such Common Shares, demands, not later than 10 days before the Meeting, that the transferee's name be included in the list of Shareholders entitled to vote at the Meeting, in which case such transferee shall be entitled to vote such shares at the Meeting.

Unless otherwise stated, the information contained in this Information Circular-Proxy Statements is given as at April 21, 2011.

The instrument appointing a proxy shall be in writing and shall be executed by the Shareholder or his attorney authorized in writing or, if the Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized.

The persons named in the enclosed Form of Proxy are directors and officers of the Corporation. Each Shareholder has the right to appoint a proxyholder other than the persons designated in the Form of Proxy, who need not be a Shareholder, to attend and to act for the Shareholder and on behalf of the Shareholder at the Meeting. To exercise such right, the names of the nominees of management should be crossed out and the name of the Shareholder's appointee should be legibly printed in the blank space provided.

Notice to Beneficial Holders of Common Shares

The information set forth in this section is of significant importance to many Shareholders, as a substantial number of the Shareholders do not hold Common Shares in their own names. Shareholders who do not hold their Common Shares in their own names ("**Beneficial Shareholders**") should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Common Shares will not be registered in the Shareholder's name on the records of the Corporation. Such Common Shares will more likely be registered under the name of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for The Canadian Depositary for Securities Limited, which acts as nominees for many Canadian brokerage firms). Common Shares held by brokers or their nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific

instructions, the broker/nominees are prohibited from voting Common Shares for their clients. The Corporation does not know for whose benefit the Common Shares registered in the name of CDS & Co. are held. Therefore, Beneficial Shareholders cannot be recognized at the Meeting for the purposes of voting the Common Shares in person or by way of proxy except as set forth below.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of Shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided to registered Shareholders; however, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (formerly ADP Investor Communication Services) ("**Broadridge**") in the United States and Canada. Broadridge typically applies a special sticker to proxy forms, mails those forms to the Beneficial Shareholders and requests the Beneficial Shareholders to return the proxy forms to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **A Beneficial Shareholder receiving a proxy from Broadridge cannot use that proxy to vote Common Shares directly at the Meeting as the proxy must be returned as directed by Broadridge well in advance of the Meeting in order to have the Common Shares voted.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his or her broker (or agent of the broker), a Beneficial Shareholder may attend at the Meeting as proxyholder for the registered Shareholder and vote Common Shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered Shareholder should enter their own names in the blank space on the form of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

Revocability of Proxy

A Shareholder who has submitted a proxy may revoke it at any time prior to the exercise thereof. If a person who has given a proxy attends in person at the Meeting at which such proxy is to be voted, such person may revoke the proxy and vote in person. In addition to revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing executed by the Shareholder or his attorney authorized in writing or, if the Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized and deposited either at the head office of the Corporation at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or with the Chairman of the Meeting on the day of the Meeting, or any adjournment thereof, and upon either of such deposits, the proxy is revoked.

Persons Making the Solicitation

The solicitation is made on behalf of management of the Corporation. The costs incurred in the preparation and mailing of this Information Circular and related materials will be borne by the Corporation. In addition to solicitation by mail, proxies may be solicited by personal interviews, telephone or other means of communication and by directors, officers and employees of the Corporation, who will not be specifically remunerated therefor.

Exercise of Discretion by Proxy

The Common Shares represented by proxy in favour of management nominees shall be voted on any ballot at the Meeting and, where the Shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares shall be voted on any ballot in accordance with the specification so made.

In the absence of such specification, the Common Shares will be voted in favour of the matters to be acted upon. The persons appointed under the Form of Proxy furnished by the Corporation are conferred with discretionary authority with respect to amendments to or variations of those matters specified in the Form of

Proxy and Notice of Annual Meeting. At the time of printing this Information Circular, management of the Corporation knows of no such amendment, variation or other matter.

INFORMATION CONCERNING THE CORPORATION

Pursuant to a plan of arrangement under the *Business Corporations Act* (Alberta) (the "**Arrangement**") involving, among others, True Energy Trust (the "**Trust**"), True Energy Inc. ("**True Energy**") and securityholders of the Trust that was effective November 1, 2009, securityholders of the Trust received Common Shares in exchange for trust units of the Trust ("**Trust Units**") and exchangeable shares of True Energy. As a result of the Arrangement, the Corporation owns all the existing assets and assumed all the liabilities of the Trust. Information herein with respect of the Corporation includes information in respect of the Trust prior to completion of the Arrangement to the extent applicable unless the context otherwise requires. Similarly, reference to Common Shares includes the Trust Units prior to the effective date of the Arrangement and reference to Options includes incentive rights to purchase Trust Units (the "**Incentive Rights**") outstanding prior to date of the Arrangement, in each case unless the context otherwise requires.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The Corporation is authorized to issue an unlimited number of Common Shares. As at April 15, 2011, 97,467,468 Common Shares were issued and outstanding, each such share carrying the right to one vote on a ballot at the Meeting.

When any Common Share is held jointly by several persons, any one of them may vote at the Meeting in person or by proxy in respect of such Common Share, but if more than one of them are present at the Meeting in person or by proxy they shall vote as one the Common Shares jointly held by them.

To the best of the knowledge of the directors and executive officers of the Corporation, no person beneficially owns, or controls or directs, directly or indirectly, Common Shares carrying more than 10% of the voting rights attached to the issued and outstanding Common Shares that may be voted at the Meeting.

QUORUM FOR THE MEETING

At the Meeting, a quorum shall consist of two or more persons either present in person or represented by proxy and representing in the aggregate not less than 5% of the votes attached to all outstanding Common Shares. If a quorum is present at the opening of the Meeting, the Shareholders present or represented may proceed with the business of the Meeting notwithstanding that a quorum is not present throughout the Meeting. If a quorum is not present at the opening of the Meeting, the Shareholders present or represented may adjourn the meeting to a fixed time and place but may not transact any other business.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Disclosure and Analysis

The Compensation Committee is comprised of Murray L. Cobbe, W.C. (Mickey) Dunn and Keith E. Macdonald, all of whom are independent directors. Its mandate is focused on overall human resource policies and compensation of the directors, officers and employees of the Corporation and its subsidiaries in the context of the budget and business plan of the Corporation.

The Compensation Committee, among its other responsibilities, makes specific recommendations to the Board in respect of the compensation of the employees and executive officers, including the President and Chief Executive Officer (the "CEO"), of the Corporation. In formulating recommendations to the Board with respect to compensation of the employees and the executive officers of the Corporation (other than the CEO), the Compensation Committee consults with, and reviews recommendations of, the CEO.

- base salary
- long term incentive compensation
 - Option Plan
 - Employee Savings Plan (as defined below)
- short term incentive compensation
 - cash bonuses (including bonuses paid with an obligation for the executive to purchase Common Shares)

When determining executive compensation, including the assessment of the competitiveness of the Corporation's executive compensation practices, the CEO and the Compensation Committee utilize compensation survey information provided by Mercer Human Resource Consulting Ltd. ("**Mercer**"), an independent human resource consulting firm, in addition to other compensation information obtained by the CEO and the Compensation Committee from public disclosure documents of comparable issuers. Information provided by Mercer is based on its annual survey of compensation practices within the Canadian oil and gas industry, which reflects the prior fiscal year's compensation determinations. In addition, the Compensation Committee reviews compensation information available in the public domain with respect to companies in the Corporation's peer group. In selecting a benchmarking group for comparison purposes, the CEO and the Compensation Committee consider the entities with which the Corporation competes for talent and, from that group, selects benchmarking group members based on a comparison of broad corporate measures such as annual production, annual revenue and number of employees.

Currently, the entities included in the Corporation's benchmarking group are: Anderson Energy Ltd., Angle Energy Inc., Birchcliff Energy Ltd., Compton Petroleum Corporation, Crew Energy Inc., Equal Energy Ltd. (formerly Enterra Energy Trust), Fairborne Energy Ltd., Nuvista Energy Ltd., Pace Oil & Gas Ltd., Paramount Resources Ltd.,

Peyto Exploration and Development Corp., Trilogy Energy Corp., Vero Energy Inc., and Zargon Oil and Gas Ltd. (formerly Zargon Energy Trust).

Base salaries for our executive officers, including the CEO, are intended to be competitive with salaries paid to executive officers by the companies in the Corporation's peer group. Total compensation of executive officers is intended to be competitive with companies in the Corporation's peer group provided that such executive officers meet or exceed performance expectations for their roles and the Corporation meets corporate performance targets.

The Compensation Committee and the Board in consultation with management will continue to evaluate the various elements of the Corporation's compensation program to ensure that executive compensation effectively aligns with the performance of the Corporation and the interests of Shareholders.

Each element of the Corporation's executive compensation program is described in more detail below.

Base Salaries

Base salaries for executive officers, including the CEO, for the year ended December 31, 2010 were established by the Compensation Committee upon the recommendation of the CEO at rates that are competitive with those paid by our industry peer group. In assessing comparability, we relied upon salary and other remuneration data provided by Mercer as well as other compensation information obtained from public disclosure documents of comparable issuers. Consideration was given to the time period evaluated in industry surveys and public data and to the business climate applicable at the time with respect to industry demand for experienced personnel.

In setting base compensation levels of individual executive officers, consideration is given to objective factors such as level of responsibility, experience and expertise. The performance and salary of each Named Executive Officer is reviewed on an annual basis.

Option Plan

Options are granted under our Option Plan to officers, employees and other service providers generally upon commencement of service based on the level of responsibility with Bellatrix. The Corporation's current policy is that additional grants are generally made on an annual basis. The purpose of the Option Plan is to provide an effective long-term incentive for the eligible service providers to the Corporation and to align the interests of these service providers to those of the Corporation and its securityholders. In determining the number of Options to be granted to each individual executive officer, the CEO and the Compensation Committee assess the number of Options required to remain competitive with similar positions for companies in the Corporation's peer group and such number may be adjusted based on a subjective determination of such executive officer's personal performance and individual contributions made to the Corporation. The Board has delegated the authority to grant Options to new hires of non-executive employees, consultants and other service providers to the CEO and any one member of the Compensation Committee, provided that any such grant to any one individual shall be limited to Options to purchase 50,000 Common Shares.

Employee Savings Plan

The Corporation has an employee share purchase plan (the "**Employee Savings Plan**") which, among other things, authorizes the Corporation to make contributions into the Employee Savings Plan for the purchase of Common Shares in the open market for the benefit of participating full time salaried employees, including executive officers (in this section, collectively, "**Employees**") of the Corporation. The CEO does not participate in the Employee Savings Plan. Pursuant to the Employee Savings Plan, Bellatrix will match employee contributions towards the Employee Savings Plan up to a maximum of employee contributions of 5% of their annual base salary. Each of the Employees' contribution and Bellatrix's contribution in each calendar month will be used to acquire Common Shares on the open market.

The purpose of the Employee Savings Plan is to provide a means by which Employees can save for their retirement to ensure their long term future financial security, and to develop the interest of the Employees in the growth and

development of Bellatrix and its affiliates by providing them with the opportunity to acquire an increased proprietary interest in the Corporation through the purchase of Common Shares.

The Board may amend the Employee Savings Plan, in whole or in part, at any time, provided the amendment or termination does not deprive a participant of any benefits accrued under the Employee Savings Plan on or prior to the date of amendment or termination.

Bonus Plan

In addition to base salaries, the Corporation may award cash bonuses to employees of the Corporation, including executive officers. The Corporation has established a discretionary bonus program under which cash bonuses, if declared, are paid annually. Both employees and the executive officers of the Corporation are eligible to participate in the bonus program. As a condition of receiving such cash bonuses, the Board on the recommendation of the Committee, may require that the executive officers use a portion of such cash bonuses to purchase Common Shares through the facilities of the TSX or alternatively, subject to regulatory approvals, from the Corporation issued from treasury.

For employees, the cash bonus to be paid with respect to 2010 performance was determined by a combination of the employee's personal contribution to the Corporation, and by the Corporation's overall performance in the previous fiscal year. For executive officers, the cash bonus to be paid in with respect to 2010 performance is based on the Corporation's overall performance; however, with respect to the bonus payment, some portion is based on the individual contribution of the executive officers to corporate performance as determined in the discretion of the Compensation Committee. The Corporation did not have any specific set criteria used to evaluate corporate performance in 2010. However a certain level of expectation and performance was framed around the 2010 budget forecast presented to and approved by the Board.

Personal performance of employees is evaluated by the CEO and is based on certain subjective factors such as demonstrated leadership and individual contributions to the success of the Corporation. Personal performance for each executive officer is evaluated by the Compensation Committee in consultation with the CEO and is based on a subjective analysis of the individual's contribution to the corporate performance of the Corporation. After assessing corporate and personal performance the Compensation Committee reviews at its discretion such other factors it considers relevant to its decision as to whether bonuses will be payable and, if so, the amounts of such bonuses.

In March 2011, after the 2010 financial and operating results were announced the Compensation Committee recommended and the Board approved that bonuses be paid to both the employees and executive officers of the Corporation. With respect to the cash bonuses declared in March 2011 for 2010 performance, on the recommendation of the Compensation Committee the Board required that 50% of the after-tax amount of such bonuses be used to purchase Common Shares by the executive officers through the facilities of the TSX. In evaluating 2010 corporate performance, upon consultation with management, the Compensation Committee considered a number of the positive results achieved by the Corporation in 2010 including positive drilling results, production growth, excellent finding, development and acquisition ("FD&A") costs, improved share price, reductions in operating expenses per barrel of oil equivalent (disclosure provided herein in respect of barrels of oil equivalent ("BOEs") may be misleading, particularly if used in isolation. A BOE conversion ratio of 6 million cubic feet of natural gas per one barrel of oil is based on an energy equivalency conversion method primarily applicable at the burner tip and does not represent a value equivalency at the wellhead), reductions in general and administration ("G&A") expense per BOE, successful financings to accelerate the Corporation's drilling program, improve the debt position and increase financial flexibility.

In early 2009 the Corporation appointed Mr. Smith as President and CEO and significant changes were made to enhance the executive management group. Prior thereto the Corporation was struggling with declining production, a falling share price, a high operating and G&A cost structure and was burdened with high debt and little financial flexibility. The new team set about the task of restructuring the Corporation and strengthening the balance sheet. A strategic and timely sale of the Saskatchewan assets in August of 2009 reduced bank indebtedness increasing financial flexibility and strategically repositioning the Corporation to move forward with an organic growth plan. Following the asset dispositions, the Corporation's production was approximately 6,500 BOEs per day ("BOE/d"). In the fourth quarter of 2009 the Corporation invested \$9.6 million in the drilling of 12 gross (9.5 net) wells

resulting in 5.75 net gas wells, 3.5 net oil wells and 0.25 waiting on completion and exited with production in excess of 7,000 BOE/d.

Building on this success, the Corporation set out 2010 production targets to average 8,500 BOE/d for the year and to achieve an exit rate of over 10,000 BOE/d. Additional objectives were to continue to strengthen the balance sheet, to reduce both operating and general and administrative costs on a per BOE basis, achieve excellent FD&A costs and increase share price.

The following achievements in 2010 successfully built on the turnaround in 2009 and were exceptional in the Compensation Committee's judgement:

- Sales volumes for December 2010 averaged 10,500 BOE/d exceeding the exit target and averaged 8,519 BOE/d for the year. Sales volumes for the three months ended December 31, 2010 averaged 10,002 BOE/d up 52% from the 6,572 BOE/d sold in the fourth quarter of 2009;
- Funds flow from operations increased 47% to \$53 million (\$0.57 per basic share) for the year ended December 31, 2010 from \$36 million (\$0.46) recorded in 2009;
- In 2010 total crude oil, condensate and natural gas liquid revenue contributed 53% of total revenue compared to 49% in 2009. Light crude oil, condensate and natural gas liquid revenues in 2010 contributed 85% of total crude oil, condensate and natural gas liquid revenue compared to 39% in 2009;
- 98% success rate in 2010 drilling program that consisted of 48 (28.8 net) wells resulting in 9 gross (6.3 net) natural gas wells, 38 gross (21.5 net) oil wells and 1 gross and net dry hole;
- Increased total proved plus probable company interest reserves 64.5% to 42,560 million BOE as at December 31, 2010 from 25,872 million BOE as at December 31, 2009; total proved company interest reserves increased 50.4 % to 24,930 million BOE for 2010 from 16,573 million BOE as at December 31, 2010; reserve additions in 2010 excluding dispositions replaced 690% of production;
- Increased net present value of future net revenue of reserves 34.8% as at December 31, 2010 from December 31, 2009 despite declining gas prices;
- 2010 FD&A costs were in the top quartile relative to the Corporation's peer group;
- Reserve life index was extended to 7.2 years for company interest proved reserves in 2010 up from 6.4 years in 2009; on a company interest proved plus probable basis reserve life index improved to 11.2 years in 2010 compared to 9.4 years in 2009;

- Redeemed \$84.9 million principal amount of convertible unsecured subordinated debentures bearing interest of 7.5% due June 30, 2011 in July 2010 and replaced it with \$55 million principal amount of convertible unsecured subordinated debentures bearing interest of 4.75% due April 30, 2015;
- Raised \$45 million gross proceeds pursuant to a public offering of Common Shares in January 2010 and a further \$20 million gross proceeds on a private placement of Common Shares issued on a flow-through basis in August 2010 to further accelerate the drilling program and keep the balance sheet strong and provide financial flexibility for the Corporation;

For further information with respect to the 2010 financial and operating results of the Corporation, including information relating to certain terms used in the above summary which are not recognized terms under Canadian generally accepted accounting principles, see the Corporation's Annual Information Form for the year ended December 31, 2010 and annual audited financial statements for the year ended December 31, 2010 and related management's discussion and analysis, all of which are available on SEDAR at www.Sedar.com.

Based on these 2010 corporate achievements and personal performance the CEO recommended cash bonuses for the Vice President's which approximated 100% of their base salary. The Compensation Committee supported these recommendations and the Board subsequently approved the bonuses. In addition the Compensation Committee recommended and the Board approved a significant and exceptional bonus of \$1.0 million to the CEO. In the Compensation Committee's judgement Mr. Smith's leadership and energy was a critical element in the re-building of the management team and in strategically repositioning the Corporation for growth. Since late 2009 the Corporation has implemented and executed a successful drilling program resulting in increased production, cash flow, reserves, financial flexibility and share price and has positioned itself for further growth in 2011 and beyond.

Approximately 50% of the net bonus after tax for each executive was required to be used to purchase Common Shares through the facilities of the TSX. The Board and CEO believed that given the significant bonus amounts it was appropriate that a portion of the bonus be exposed to the total return on the Common Shares.

In addition to the cash bonuses paid on an annual basis, the Compensation Committee occasionally recommends for consideration of the Board cash bonuses that may be paid to executive officers for specific actions taken on behalf of Bellatrix.

Due to changes in management in 2009, the compensation paid to the executive officers since 2009 has little relationship with the compensation paid and the corporate performance achieved in previous years. As demonstrated in the above graph, the total return on the Common Shares has increased significantly since the change in management in January 2009 even when compared to the entities included in the above indices. The increased compensation during 2010 was based on various factors, including but not limited to the increase in the Common Share price and certain other factors discussed under "Compensation Discussion and Analysis – Bonus Plans".

The total compensation for the executive officers is affected by increases and decreases in the price of Common Shares as the value of Options increase or decrease as Common Share prices increase or decrease. Options and payments under the bonus plan (to the extent that such payments are based on meeting corporate performance expectations) represent "at risk" compensation which help align the total return on the Common Shares and the compensation received by our executive officers. Total executive compensation does not always directly correlate with increases and decreases in the total return on the Common Shares due to the need of the Corporation to continue to provide competitive salaries and increases in salary levels in the market.

Summary Compensation Table

The following table sets forth for the years ended December 31, 2010, 2009 and 2008 information concerning the compensation paid to our CEO and Chief Financial Officer ("CFO") and the three most highly compensated executive officers, other than the CEO and CFO, at the end of the year ended December 31, 2010 whose total compensation was more than \$150,000 (each a "Named Executive Officer" or "NEO" and collectively, the "Named Executive Officers" or "NEOs").

- (1) On January 26, 2009, Mr. Smith was appointed President and CEO. In 2010, Mr. Smith was paid a salary of \$27,000 for serving as President and CEO of Bellatrix and fees of \$254,200 for services provided to Bellatrix as a consulting contractor. In March 2010, the Compensation Committee recommended and the Board approved an increase in Mr. Smith's annual salary to \$28,000 for serving as President and CEO of Bellatrix and an increase in the annual fee to \$271,200 for services provided to Bellatrix as consulting contractor to be effective June 1, 2010. - (2) In the year ended December 31, 2010, 2009 and 2008 Mr. Brown received an annual car allowance of \$12,000 per year, which is not included in the above table because the value of all perquisites received, including the car allowance, did not in the aggregate exceed 10% of the total salary of Mr. Brown for the financial year. - (6) Based on the grant date fair value of the applicable awards. The fair values of Options are estimated on the date of grant using the Black-Scholes option pricing model, which is the fair value determined in accordance with Section 3870 of the CICA Handbook with the following assumptions for the years ended December 31, 2010, 2009 and 2008, respectively: dividend yield of zero percent, expected volatility of 75, 69 and 57 percent, respectively, risk-free interest

- rate of 2.6, 1.76 and 2.59 percent, respectively, and an expected life of five years for each year. This methodology was selected due to its acceptance as an appropriate evaluation methodology for similar sized oil and gas companies.

 - (9) Except with respect to Mr. Smith, the full amounts reported under "All other compensation" reflect contributions made on behalf of the Named Executive Officer to Bellatrix's employee savings plan.
 - (10) The Corporation does not have any share-based awards outstanding.

Incentive Plan Awards

Option Plan

At the annual and special meeting of securityholders of the Trust held on October 28, 2009, in addition to approving the Arrangement, securityholders of the Trust approved the Option Plan.

The Option Plan is intended to afford persons who provide services to Bellatrix an opportunity to obtain a proprietary interest in Bellatrix by permitting them to purchase Common Shares and to aid in attracting as well as retaining and encouraging the continued involvement of such persons with Bellatrix. The Option Plan permits the granting of Options to officers, directors, employees, consultants and other service providers ("**Optionees**") of Bellatrix and its subsidiaries.

The maximum number of Common Shares issuable on exercise of Options outstanding at any time is limited, in the aggregate, to 10% of the issued and outstanding Common Shares. Any increase in the issued and outstanding Common Shares (whether as a result of exercise of Options, or otherwise) will result in an increase in the number of Common Shares that may be issued on exercise of Options outstanding at any time and any increase in the number of Options granted, upon exercise, makes new grants available under the Option Plan. Options that are cancelled, terminated or expire prior to exercise of all or a portion thereof results in the Common Shares that were reserved for issuance thereunder being available for a subsequent grant of Options pursuant to the Option Plan.

The number of Common Shares issuable pursuant to Options granted under the Option Plan or any other security based compensation arrangements of Bellatrix: (i) to insiders at any time may not exceed 10% of the outstanding Common Shares; and (ii) issued to insiders within any one year period may not exceed 10% of the outstanding Common Shares. In addition, the number of Common Shares issuable at any time pursuant to Options to directors that are not officers or employees of Bellatrix or its subsidiaries may not in the aggregate exceed 1% of the outstanding Common Shares. Options granted under the Option Plan are not assignable.

Options have a term not to exceed five years and, subject to the terms of the Option Plan, shall vest in such manner as determined by the Board or a committee of the Board appointed from time-to-time to administer the Option Plan (the Board or, if appointed, such committee is referred to as the "**Committee**"). In the absence of any determination to the contrary, Options will vest and be exercisable as to one-third on each of the first, second and third anniversaries of the date of grant, subject to the acceleration of vesting in the discretion of the Committee. If a Option is set to expire within, or within seven business days following the end of, a "Black Out Period" (as such term is defined in the Option Plan) and the Optionee is subject to the Black Out Period, the expiry date of the Option is extended for seven business days following the end of such Black Out period.

The exercise price of any Options granted is determined by the Committee at the time of grant, provided that the exercise price shall not be less than the volume weighted average trading price of the Common Shares on the Toronto Stock Exchange (the "**TSX**") (or other stock exchange on which the Common Shares may be listed) for the five consecutive trading days immediately preceding the date of grant.

The Option Plan provides Optionees with an election, if permitted by the Committee, for a cashless exercise ("**Cashless Exercise**") of an Optionee's vested and exercisable Options. If an Optionee elects a Cashless Exercise the Optionee shall surrender its Options in exchange for the issuance by Bellatrix of that number of Common Shares equal to the number determined by dividing the Market Price (as defined in the Option Plan and as calculated as at the date of exercise) into the difference between the Market Price and the exercise price of such Option. In addition, the Option Plan also provides that an Optionee has the right to make an offer (the "**Surrender Offer**") to Bellatrix to surrender any of the Options held by such person for an amount (not to exceed the fair market value) specified therein by the Optionee and Bellatrix may, but is not obligated to, accept the Surrender Offer, subject to any regulatory approval required.

If an Optionee ceases to be a director, officer, employee of, or service provider to, Bellatrix or a subsidiary of Bellatrix for any reason, the Optionee shall have a period not in excess of six months as prescribed at the time of grant (12 months in the case of death), following the date the Optionee ceases to be a director, officer, employee or consultant or other service provider to exercise Options held to the extent that the Optionee was entitled to exercise the Options at the date of such cessation. In the case of a merger, amalgamation or certain other transactions or a take-over bid approved by the Board, Bellatrix has the right to satisfy any obligations to an Optionee in respect of any unexercised Options by paying to the Optionee a cash amount equal to the difference between the exercise price of all unexercised Options held and the fair market value of the securities to which the Optionee would have been entitled to receive on exercise thereof.

Without the prior approval of the Shareholders, as may be required by the TSX (or other exchange on which the Common Shares may be listed), the Board may not: (i) make any amendment to the Option Plan to increase the percentage of Common Shares issuable on exercise of outstanding Options at any time, (ii) reduce the exercise price of any outstanding Options, (iii) extend the term of any outstanding Option beyond the original expiry date of such Option, (iv) increase the maximum limit on the number of securities that may be issued to insiders, (v) increase the maximum number of Common Shares issuable to directors who are not officers or employees of Bellatrix or its subsidiaries, (vi) make any amendment to the Option Plan to permit an Optionee to transfer or assign Options to a new beneficial Optionee other than in the case of death of the Optionee, or (vii) amend the restrictions on amendments that are provided in the Option Plan. Subject to the restrictions set out above, the Board may amend or discontinue the Option Plan and Options granted thereunder without Shareholder approval; provided if the amendment to the Option Plan requires approval of any stock exchange on which the Common Shares are listed for trading, such amendment may not be made without such approval. In addition, no amendment to the Option Plan or Options granted pursuant to the Option Plan may be made without the consent of the Optionee, if it adversely alters or impairs any Option previously granted to such Optionee.

The Option Plan was amended by the Board as of November 1, 2010 to give effect to changes necessary as a result of the 2010 Federal Budget released on March 4, 2010. The amendments provide that the Corporation has the power and right to deduct or withhold, or require an optionee to remit to the Corporation, the required amount to satisfy, in whole or in part, federal, provincial and other taxes required to be withheld in respect of a taxable event or other events arising as a result of the Option Plan, including the grant or exercise of Options granted under the Option Plan and alternative options available to the Corporation with respect thereto. The amendments also provide that the Corporation may in its sole discretion, elect to allow an optionee to claim deductions in computing taxable income of the optionee, if any, that may be available to the optionee in respect of any amount received by the optionee in the event of repurchase or payment on cancellation of options, however, the Corporation has no obligation to make any such election.

Pension Plans and Retiring Allowances

The Corporation does not currently provide its executive officers, including the CEO, with pension plan benefits or retiring allowances.

Termination and Change of Control Benefits

As at December 31, 2010 Bellatrix had employment agreements (the "**Employment Agreements**") with Messrs. Brown, Woo, Oicle and Blair, which provided that the Employment Agreements may be terminated by the Corporation (for reason other than "just cause") upon payment of a termination amount, in lieu of notice, in an amount equal to the sum of (i) prorated annual salary earned but not yet paid up to and including the termination date, (ii) any cash bonus earned but not yet paid, (iii) accrued and unused vacation and reasonable expenses and, (iv) a retiring allowance equal to one times (or in the case of Mr. Brown, equal to two times) the executive's then current annual salary. For such termination amounts to be payable, the executive officer must execute a full and final release in favour of Bellatrix. There is no compensation for loss of benefits.

Pursuant to the Employment Agreements, the salary paid to each executive is subject to an annual salary review. Each executive is entitled to participate in and receive Options under the Option Plan and the executive is also entitled to participate in any executive bonus plan established by Bellatrix.

The Employment Agreements provide that during the six months following a change of control (as such term is defined in the Employment Agreements) if the executive's duties, powers, rights or salary are fundamentally diminished, the executive may elect to terminate the Employment Agreement and his employment, and upon doing so, the executive shall be entitled to receive a retiring allowance equal to one times (or in the case of Mr. Brown, equal to two times) the executive's then current annual salary.

Bellatrix has an employment agreement with Mr. Smith for his role as President and CEO of the Corporation. In addition, Mr. Smith acts as a consultant to Bellatrix and has an agreement with Bellatrix with respect to his role as a consultant. Mr. Smith's employment agreement with Bellatrix may be terminated at any time by either party, without cause or reason, upon providing 90 days notice. The term of Mr. Smith's consulting agreement with Bellatrix expires in March 2012. Mr. Smith's consulting agreement may be terminated by Bellatrix (for reason other than just cause) upon payment of a termination amount, in lieu of notice, in an amount equal to the compensation that Mr. Smith would have been otherwise entitled to for the lesser of (i) the remainder of the term of the consulting agreement, and (ii) 14 months. The agreements provide that Mr. Smith will be reimbursed for certain living accommodations and commuting expenses incurred with respect to the provision of his services.

If the Employment Agreements were terminated by Bellatrix other than for just cause or by the respective executive officers following a change of control under the circumstances described above, at December 31, 2010, the amounts payable thereunder to Messrs. Brown, Woo, Oicle, and Blair would have been \$805,000, \$500,000, \$500,000 and \$385,000, respectively, including bonus earned in 2010 and paid in 2011. If Mr. Smith's agreements were terminated by Bellatrix other than for just cause at December 31, 2010 the aggregate amount payable thereunder to Mr. Smith would have been \$395,600. Under the Option Plan, Options do not automatically accelerate in the event of a change of control; however, such Options may be accelerated at the discretion of the Board. The acceleration of options have not been included in the calculation of the termination payments for the executive officers.

Under the terms of the Employment Agreements, the executive officers have agreed that for a period of six months after the termination date, the executive shall not, directly solicit, induce, encourage or facilitate employees or consultants of the Corporation to leave the employment of, or consulting relationships with, Bellatrix. The executive officers have also agreed to keep proprietary and confidential information in confidence for so long as the information and knowledge remains proprietary and confidential.

Director Compensation

Until April 2010, directors of Bellatrix (excluding Mr. W.C. (Mickey) Dunn and Mr. Raymond G. Smith) were paid compensation based on an annual retainer fee of \$25,000 (pro-rated by month) and \$1,000 in 2009 for every committee and Board meeting attended in person or by conference call. Mr. W.C. (Mickey) Dunn received an annual fee of \$75,000 as remuneration for his acting as a director and Chairman of Bellatrix and \$1,000 for every committee and board meeting attended in person or by conference call. The Chairs of the Compensation and Corporate Governance Committees received an additional annual fee of \$2,500, and the Chairs of the Audit Committee and the Reserves, Safety and Environment Committees received an additional annual fee of \$5,000. Directors were also reimbursed for out-of-pocket expenses incurred in carrying out their duties as directors. In

March 2010, after reviewing the compensation information of comparable issuers, the Compensation Committee determined that the fees paid to the Chairs of certain committees of the Board were not competitive with Bellatrix's industry peers. As a result, the Compensation Committee recommended, and the Board approved, that the annual fees paid to the Chairs of the Compensation and Corporate Governance Committees be increased to \$5,000 and the annual fee paid to the Chair of the Audit Committee be increased to \$10,000. The annual fees paid to the Chairman of the Board and the Chair of the Reserves Committee were not changed. Effective April 1, 2010, the annual retainer fee for directors (other than Mr. Smith and Mr. Dunn) was increased from \$25,000 to \$35,000. Upon the recommendation of the Compensation Committee and approval of the Board, effective April 1, 2011, Mr. W.C. (Mickey) Dunn's annual fee for acting as a director and Chairman was increased to \$80,000 and the annual retainer fee for all other directors (other than Mr. Smith) was increased to \$40,000. In addition, directors may be compensated from time to time for serving on any other committees established by the Board.

Messrs. Dunn, Baker and Johnson are members of Bellatrix's medical and dental plan. Each of the Corporation's non-management directors is also eligible to participate in the Option Plan. Pursuant to the Option Plan, there is a restriction on the number of Common Shares issuable pursuant to outstanding Options granted to directors, who are not officers or employees of Bellatrix, of 1.0% of the aggregate outstanding Common shares.

The payment of fees and grants of Options to members of the Board are recommended by the Compensation Committee and approved by the Board. In determining the compensation to be awarded to our directors, the Committee utilizes compensation information obtained from public disclosure documents of comparable issuers. Director compensation is intended to be competitive to director compensation of comparable issuers. See "Compensation Disclosure and Analysis" for a list of comparable issuers included in the Corporation's peer group.
