MANAGEMENT INFORMATION CIRCULAR

Annual and Special Meeting of Shareholders

to be held on May 9, 2018

PROXIES

Solicitation of Proxies

This management information circular (the "**Information Circular**") is furnished in connection with the solicitation of proxies by the management of Bellatrix Exploration Ltd. ("**Bellatrix**" or the "**Corporation**") for use at the annual and special meeting (the "**Meeting**") of holders ("**Shareholders**") of common shares ("**Common Shares**") of the Corporation to be held on May 9, 2018 at 3:00 p.m. (Calgary time), in the Mayfair Room, The Westin Hotel, 320– 4th Avenue SW, Calgary, Alberta, Canada T2P 2S6, and at any adjournment(s) thereof, for the purposes set forth in the Notice of Annual and Special Meeting accompanying this Information Circular.

The board of directors of the Corporation (the "**Board**") has fixed the record date for the Meeting as the close of business on March 26, 2018 (the "**Record Date**"). Shareholders of record as at the Record Date are entitled to receive notice of the Meeting and to vote those Common Shares included in the list of Shareholders entitled to vote at the Meeting prepared as at the Record Date, unless any such Shareholder transfers Common Shares after the Record Date and the transferee of those Common Shares, having produced properly endorsed certificates evidencing such Common Shares or having otherwise established that he or she owns such Common Shares, demands, not later than 10 days before the Meeting, that the transferee's name be included in the list of Shareholders entitled to vote at the Meeting, in which case such transferee shall be entitled to vote such shares at the Meeting.

If you are a registered Shareholder and are unable to attend the Meeting in person, please exercise your right to vote by dating, signing and returning the accompanying form of proxy to Computershare Trust Company of Canada, the Corporation's transfer agent. To be valid, completed proxy forms must be dated, completed, signed and deposited with the Corporation's transfer agent, Computershare Trust Company of Canada, (i) by mail using the enclosed return envelope or one addressed to Computershare Trust Company of Canada, Proxy Department, 135 West Beaver Creek, P.O. Box 300, Richmond Hill, Ontario, L4B 4R5, (ii) by hand delivery to Computershare Trust Company of Canada, 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1, or (iii) by facsimile to (416) 263-9524 or 1866-249-7775. If you vote through the Internet, you may also appoint another person to be your proxyholder. Please go to www.investorvote.com and follow the instructions. You will require your 15-digit control number found on your proxy form. Your proxy or voting instructions must be received in each case no later than 3:00 p.m. (Calgary time) on May 7, 2018 or, if the Meeting is adjourned, 48 hours (excluding Saturdays, Sundays and holidays) before the beginning of any adjourned Meeting.

Unless otherwise stated, the information contained in this Information Circular is given as at the Record Date.

The instrument appointing a proxy shall be in writing and shall be executed by the Shareholder or his attorney authorized in writing or, if the Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized.

The persons named in the enclosed Form of Proxy are directors and officers of the Corporation. Each Shareholder has the right to appoint a proxyholder other than the persons designated in the Form of Proxy, who need not be a Shareholder, to attend and to act for the Shareholder and on behalf of the Shareholder at the Meeting. To exercise such right, the names of the nominees of management should be crossed out and the name of the Shareholder's appointee should be legibly printed in the blank space provided. In addition, the Shareholder should notify the appointee of his or her appointment, obtain his or her consent to act as appointee and instruct him or her on how the Shareholder's Common Shares are to be voted.

Notice to Beneficial Holders of Common Shares

The information set forth in this section is of significant importance to many Shareholders, as a substantial number of the Shareholders do not hold Common Shares in their own names. Shareholders who do not hold their Common Shares in their own names ("**Beneficial Shareholders**") should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Common Shares will not be registered in the Shareholder's name on the records of the Corporation. Such Common Shares will more likely be registered under the name of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominees for many Canadian brokerage firms). Common Shares held by brokers or their nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, the broker/nominees are prohibited from voting Common Shares for their clients. The Corporation does not know for whose benefit the Common Shares registered in the name of CDS & Co. are held. Therefore, Beneficial Shareholders cannot be recognized at the Meeting for the purposes of voting the Common Shares in person or by way of proxy except as set forth below.

Applicable regulatory policy requires intermediaries/brokers, on receipt of proxy-related materials that seek voting instructions from Beneficial Shareholders indirectly, to seek voting instructions from Beneficial Shareholders in advance of Shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided to registered Shareholders; however, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**") in the United States and Canada. Broadridge typically mails a scannable voting instruction form in lieu of the form of proxy. The Beneficial Shareholder is requested to complete and return the voting instruction form to Broadridge by mail or facsimile. Alternatively, the Beneficial Shareholder can call a toll-free telephone number to vote the Common Shares held by the Beneficial Shareholder or access Broadridge's dedicated voting website at www.proxyvote.com to deliver the Beneficial Shareholder's voting instructions. Broadridge then provides the aggregate voting instructions to Computershare Trust Company of Canada, Bellatrix's transfer agent and registrar, who tabulates the results and provides appropriate instructions respecting the voting of the Common Shares to be represented at the Meeting or any adjournment(s) thereof. A Beneficial Shareholder receiving a proxy from Broadridge cannot use that proxy to vote Common Shares directly at the Meeting as the proxy must be returned as directed by Broadridge well in advance of the Meeting in order to have the Common Shares voted.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his or her broker (or agent of the broker), a Beneficial Shareholder may attend at the Meeting as proxyholder for the registered Shareholder and vote Common Shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered Shareholder should enter their own names in the blank space on the form of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

Revocability of Proxy

A Shareholder who has submitted a proxy may revoke it at any time prior to the exercise thereof. If a person who has given a proxy attends in person at the Meeting at which such proxy is to be voted, such person may revoke the proxy and vote in person. In addition to revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing executed by the Shareholder or his attorney authorized in writing or, if the Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized and deposited either at the registered office of the Corporation at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or with the Chairman of the Meeting on the

day of the Meeting, or any adjournment thereof, and upon either of such deposits, the proxy is revoked.

Persons Making the Solicitation

The solicitation is made on behalf of management of the Corporation. The costs incurred in the preparation and mailing of this Information Circular and related materials will be borne by the Corporation. In addition to solicitation by mail, proxies may be solicited by personal interviews, telephone or other means of communication and by directors, officers and employees of the Corporation, who will not be specifically remunerated therefor.

Exercise of Discretion by Proxy

The Common Shares represented by proxy in favour of management nominees shall be voted on any ballot at the Meeting and, where the Shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares shall be voted on any ballot in accordance with the specification so made.

In the absence of such specification, the Common Shares will be voted in favour of the matters to be acted upon. The persons appointed under the Form of Proxy furnished by the Corporation are conferred with discretionary authority with respect to amendments to or variations of those matters specified in the Form of Proxy and Notice of Annual and Special Meeting. At the time of printing this Information Circular, management of the Corporation knows of no such amendment, variation or other matter.

Notice-and-Access

The Corporation has elected to use the "notice-and-access" provisions under National Instrument 54-101 *Communications with Beneficial Owners of Securities of a Reporting Issuer* (the "**Notice-and-Access Provisions**") for the Meeting in respect of mailings to its Beneficial Shareholders. The Notice-and-Access Provisions are a set of rules developed by the Canadian Securities Administrators that reduce the volume of materials that the Corporation must physically mail to Shareholders by allowing the Corporation to post the Information Circular and related materials online.

In relation to the Meeting, registered Shareholders will receive a paper copy of each of the notice of the meeting, this Information Circular and a form of proxy whereas Beneficial Shareholders will receive only a notice-and-access notification and a voting instruction form.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The Corporation is authorized to issue an unlimited number of Common Shares. As at the Record Date, 49,378,026 Common Shares were issued and outstanding, each such share carrying the right to one vote on a ballot at the Meeting.

When any Common Share is held jointly by several persons, any one of them may vote at the Meeting in person or by proxy in respect of such Common Share, but if more than one of them is present at the Meeting in person or by proxy, they shall vote as one the Common Shares jointly held by them.

Other than as noted below, to the best of the knowledge of the directors and executive officers of the Corporation, no person beneficially owns, or controls or directs, directly or indirectly, Common Shares carrying more than 10% of the voting rights attached to the issued and outstanding Common Shares that may be voted at the Meeting.

Pursuant to a filing on Bellatrix's SEDAR profile made by Polar Asset Management Partners Inc. ("**Polar**") on March 9, 2018, as at February 28, 2018, Polar, on behalf of client accounts over which it has discretionary trading authority, exercised control or direction over 2,598,980 Common Shares and \$24,679,000 principal amount of convertible debentures of the Corporation, which are convertible into 3,046,790 Common Shares. Assuming the conversion of the convertible debentures controlled or directed by Polar, Polar would hold an aggregate of 5,645,770 Common Shares representing approximately 10.77% of the issued and outstanding Common Shares (assuming conversion of only the convertible debentures held by Polar).

QUORUM FOR THE MEETING

At the Meeting, a quorum shall consist of two or more individuals present in person either holding personally or representing by proxies not less in aggregate than twenty-five percent of the votes attached to all issued and outstanding Common Shares entitled to be voted at the Meeting. If a quorum is not present at the Meeting, the Shareholder present may adjourn the Meeting to a fixed time and place but may not transact any other business.

MATTERS TO BE ACTED UPON AT THE MEETING

Election of Directors

The Board presently consists of ten members. At the Meeting, Shareholders will be asked to pass a resolution to fix the number of directors of the Corporation to be elected at the Meeting at ten members and to elect ten directors to hold office until the next annual meeting or until their successors are elected or appointed.

Management is soliciting proxies, in the accompanying form of proxy, in favour of an ordinary resolution to fix the number of directors of the Corporation at ten members. In addition, management is soliciting proxies in favour of electing each of the following ten nominees as members of the Board:

Murray L. Cobbe
Brent A. Eshleman
Thomas E. MacInnis
Keith S. Turnbull

John H. Cuthbertson
Lynn Kis
Steven J. Pully

W.C. (Mickey) Dunn
Keith E. Macdonald
Murray B. Todd

Majority Voting Policy

The Board has adopted a majority voting policy with respect to the election of directors. A copy of the majority voting policy is attached to this Information Circular as Appendix "B".

Advance Notice By-Law

The Corporation's Advance Notice By-Law, which was approved by the Shareholders at the annual and special meeting of Shareholders held on May 21, 2014, will apply to nominations of directors at the Meeting. The purpose of the Advance Notice By-Law is to provide Shareholders, the Board and management of the Corporation with a clear framework for director nominations to help ensure orderly business at Shareholder meetings.

Among other things, the Advance Notice By-Law requires that a Shareholder wishing to nominate a candidate for election as a director of the Corporation at an annual meeting of Shareholders must provide notice to the Corporate Secretary of the Corporation not less than 30 days and not more than 65 days prior to the date of the annual meeting; provided, however, that in the event that the annual meeting is to be held on a date that is less than 50 days after the date on which the first public announcement of the date of the annual meeting was made, notice may be made not later than the close of business on the 10th day following such public announcement. In the case of a special meeting of Shareholders (which is not also an annual meeting), notice to the Corporation must be made not later than the close of business on the 15th day following the day on which the first public announcement of the date of the special meeting was made.

The Advance Notice By-Law also specifies the information and accompanying documentation that a nominating Shareholder must provide with respect to the nominating Shareholder and the nominee for the notice to be effective. No person nominated by a Shareholder will be eligible for election as a director of the Corporation unless nominated in accordance with the provisions of the Advance Notice By-law. The Board may, in its sole discretion, waive any requirement of the Advance Notice By-law. A copy of the Advance Notice By-Law is available on the Corporation's SEDAR profile at www.sedar.com.

Cease Trade Orders, Bankruptcies, Penalties and Sanctions

Other than as described below, no proposed director is as at the Record Date, or has been:

- (a) within 10 years of the date hereof, a director or chief executive officer or chief financial officer of any company, including the Corporation, that:
 - (i) while that person was acting in that capacity, was the subject of a cease trade or similar order or an order that denied the relevant company access to any exemption under securities

legislation, for a period of more than 30 consecutive days;

- (ii) was subject to an event that resulted in the company, after the director or executive officer ceased to be a director chief executive officer or chief financial officer of the company, being the subject of a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days and which resulted from an event that occurred while that person was acting in the capacity as a director, chief executive officer or chief financial officer, or
- (b) within 10 years of the date hereof, a director or executive officer of any company, including the Corporation, that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or became subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold its assets; or

W.C. (Mickey) Dunn was a director of The Cash Store Financial Services Inc. from May 1, 2003 until his resignation on January 2, 2014. On April 14, 2014, Cash Store Financial, The Cash Store Inc., TCS Cash Store Inc., Instalozans Inc., 7252331 Canada Inc., 5515433 Manitoba Inc., 1693926 Alberta Ltd. doing business as "The Title Store" obtained an Initial Order under the *Companies' Creditors Arrangement Act* (Canada) (the "CCAA"). The applicants sought and were granted the stay of proceedings and other relief provided under the CCAA. On January 4, 2016, 1511419 Ontario Inc., formally known as Cash Store Financial and applicants announced that it had successfully implemented its Plan of Compromise and Arrangement pursuant to the CCAA with an implementation date of December 31, 2015. On November 16, 2016, 1511419 Ontario Inc. was granted a stay extension until November 18, 2018. Following the resignation of W.C. (Mickey) Dunn from the board of directors of Cash Store Financial on January 2, 2014, the company announced that a Cease Trade Order was issued on May 30, 2014 by the Alberta Securities Commission (and subsequently on June 18, 2014 by the Ontario Securities Commission) due to Cash Store Financial failing to file interim financial statements for the 6-month period ended March 31, 2014.

Keith Macdonald, a director of Bellatrix, served on the board of directors of Mountainview Energy Ltd. ("**Mountainview**") until March 15, 2017. On October 14, 2016, a wholly-owned entity of Mountainview, Mountainview Divide LLC which owned key assets in North Dakota, filed a voluntary petition under Chapter 11 of the United States Bankruptcy Code. A plan of reorganization was filed September 22, 2017 and amended October 16, 2017. to sell the company's oil and gas assets (and related abandonment/environmental obligations) in settlement of outstanding liabilities. On May 5, 2016, the Alberta Securities Commission issued a Cease Trade Order against Mountainview for failure to file annual audited financial statements, annual management discussion and analysis and certification of annual filing for the fiscal period ended December 31, 2015. As of the date hereof, the Order remains in effect.

No proposed director has been subject to: (i) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority, or (ii) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable security holder in deciding whether to vote for a proposed director.

Director Share Ownership Guidelines

With a view to aligning the long-term interests of Bellatrix's non-management directors with those of Shareholders, in April 2014, Bellatrix implemented share ownership guidelines for non-management directors, which were subsequently amended in March 2015 to increase the ownership requirements.

Pursuant to the non-management director share ownership guidelines, non-management directors are required to hold

Common Shares and/or DSUs with a combined value of not less than six times (prior to March 2015 the requirement was set at five times) the annual fixed retainer paid to such directors and such directors are expected to achieve this level within three years of their election or appointment to the Board. If a director's annual retainer increases and as a result the director no longer meets the requirements of the share ownership guidelines, the director will have until March 15 of the following year to achieve the required ownership level.

Common Shares and/or DSUs are valued as at March 15 of each year at the greater of the grant date fair value or market value of such Common Shares or DSUs. If any Director previously satisfied the share ownership guidelines but as a result of a drop in the market value of the Common Shares ceased to satisfy the share ownership guidelines and the director's aggregate ownership of Common Shares or DSUs has not decreased, the director will have until March 15 of the following year to re-achieve the required ownership levels. The following table sets out the applicable equity ownership guideline and equity ownership for each non-management director nominee.

Name	Equity Ownership Guideline			Equity Ownership			Meets Share Ownership Requirement
	Multiple of Retainer	Amount of Retainer (\$)	Total Value of Equity Ownership Required (\$)	Common Shares ⁽¹⁾ (#)	DSUs (#)	Value of Equity Ownership ⁽²⁾ (\$)

Notes:

- (1) Share ownership is determined as at March 15, 2018. For the purposes of determining Common Share ownership of a particular director, Common Shares owned directly by such director, such director's spouse or children or through any holding company wholly owned and controlled by such director are treated as Common Shares owned by such director.
- (2) The "Value of Equity Ownership" amount of the Common Shares and DSUs held by each director is based on the greater of: (a) grant date fair value, and (b) the closing price of the Common Shares on the TSX (as defined below) on March 15, 2018 being \$1.38 per Common Share.
- (3) Ms. Kis was appointed to the Board on August 9, 2017 and has until August 9, 2020 to meet the share ownership requirements.

Appointment of Auditors

Management is soliciting proxies, in the accompanying form of proxy, in favour of the appointment of the firm of KPMG LLP, Chartered Accountants, as our auditors, to hold office until the next annual meeting of the Shareholders and to authorize the directors to fix their remuneration as such. KPMG LLP has been the Corporation's auditors since formation.

Approval of Unallocated Options Issuable Pursuant to Option Plan of the Corporation

The Corporation's Option Plan (the "**Option Plan**") is described under "*Statement of Executive Compensation – Incentive Plan Awards – Option Plan*" below. In addition, the full text of the Option Plan is set out in Appendix "C" hereto. Shareholders will be asked at the Meeting to consider and, if thought advisable, pass an ordinary resolution to approve and authorize unallocated Options issuable pursuant to the Option Plan.

Section 613(a) of the Toronto Stock Exchange ("**TSX**") Company Manual provides that every three (3) years after the institution of a security based compensation arrangement all unallocated rights, share options or other entitlements under such arrangement which do not have a fixed maximum number of securities issuable must be approved by a majority of the issuer's directors and by the issuer's securityholders. As the Option Plan is considered to be a security based compensation arrangement and as the maximum number of Common Shares issuable pursuant to the

Corporation's Option Plan is not a fixed number and instead is equal to **8%** of the outstanding Common Shares, approval is being sought at the Meeting to approve the grant of unallocated Options under the Option Plan. On March 26, 2018, the Board adopted an amendment to the Option Plan to decrease the maximum number of Common Shares issuable from 10% to 8%, of the outstanding Common Shares. The grant of unallocated options under the Option Plan was last approved by the Shareholders at the annual and special meeting of such Shareholders held on May 20, 2015. If approval is obtained at the Meeting, the Corporation will not be required to seek further approval of the grant of unallocated Options under the Option Plan until May 9, 2021. If approval is not obtained at the Meeting, Options that have not been allocated as of May 9, 2018 and Options that are outstanding as of May 9, 2018 and which are subsequently cancelled, terminated or exercised will not be available for a new grant of Options under the Option Plan. Previously allocated Options will continue to be unaffected by the approval or disapproval of the resolution.

As discussed under "*Statement of Executive Compensation – Compensation Discussion and Analysis – Option Plan*", as with most companies in the Corporation's peer group, Options form an important part of the total compensation provided to the Corporation's officers and employees. Options are provided to align employee and Shareholder interests by attempting to create a direct link between compensation and Shareholder return. In addition, as Options do not require any payment of cash by the Corporation, Options help the Corporation preserve cash which can then be used for capital expenditures relating to exploration and development plans for the continued growth of the Corporation or for debt repayment. If unallocated Options are not approved by the Shareholders at the Meeting, the Board will have to consider alternative forms of compensation to replace the grant of Options, including additional grants of Awards (as defined below) under the Award Plan (as defined below), cash bonuses, or other means to attract, compensate and incentivize officers and employees. Certain other alternative compensation plans would likely require the payment of cash to officers and employees which might prevent the Corporation from using such cash for the Corporation's exploration and development plans.

As at the Record Date, Options to purchase 1,548,732 Common Shares (equal to 3.1% of the outstanding Common Shares as at the Record Date) were outstanding and, based on the number of Common Shares outstanding as at the Record Date, 2,401,510 Common Shares are available for future grants (equal to 4.9% of the outstanding Common Shares as at the Record Date).

In accordance with the requirements of the TSX, approval of the unallocated Options requires approval of a majority of votes cast on the resolution at the Meeting.

At the Meeting, Shareholders will be asked to consider and, if thought advisable, pass an ordinary resolution to approve the unallocated Options as follows:

"BE IT RESOLVED, as an ordinary resolution of the shareholders of Bellatrix Exploration Ltd. (the "**Corporation**") that:

1. all unallocated stock options issuable pursuant to the share option plan of the Corporation are approved and authorized for issuance until May 9, 2021; and
2. any one officer or director of the Corporation be and is hereby authorized to execute and deliver all such agreements and documents, whether under the corporate seal or otherwise, and to take all action, as such officer or director shall deem necessary or appropriate to give effect to the foregoing resolution."

Unless otherwise directed, the persons named in the enclosed form of proxy, if named as proxy, intend to vote for approval of the foregoing resolution.

Shareholder Advisory Vote on Executive Compensation

The Board believes that Shareholders should have the opportunity to receive information to assist them in understanding the objectives, philosophy and principles used in its approach to executive compensation and to provide feedback to the Board on such matters. As such, the Board determined to include a shareholder advisory vote (the "**Say on Pay Vote**") on executive compensation at the Meeting. The Say on Pay Vote is a non-binding advisory vote on the Board's approach to executive compensation. The purpose of the Say on Pay Vote is to provide Board

accountability to the Shareholders for the Board's compensation decisions by giving Shareholders a formal opportunity to provide their views on the disclosed objectives of the executive compensation plans, and on the plans themselves.

Shareholders will be asked at the Meeting to vote, on an advisory basis, on the acceptance of Bellatrix's approach to executive compensation as set forth in the "*Statement of Executive Compensation*" section of this Information Circular. Shareholders are encouraged to carefully review the information set forth in that section before voting on this matter. The "*Statement of Executive Compensation*" section discusses our compensation philosophy, the objectives of the different elements of our compensation programs and the way the Board assesses performance and makes decisions. It explains how our compensation programs are centered on a pay-for-performance culture and are aligned with the long-term development strategy of our business in the interest of our Shareholders.

As this is an advisory vote, the results will not be binding upon the Board, however, the Board will take the results of the vote into account, as appropriate, when considering future compensation policies, procedures and decisions. The Corporation will disclose the results of the shareholder advisory vote as a part of its report on voting results for the Meeting.

In the event that the advisory resolution is not approved by a majority of the votes cast at the meeting, the Board will consult with its Shareholders (particularly those who are known to have voted against it) to understand their concerns and will review the Board's approach to compensation in the context of those concerns. Results from the Board's review, if necessary, will be discussed in the Corporation's management information circular for the annual meeting of Shareholders to be held in 2019. Shareholders may contact the Corporate Secretary of the Corporation by mail at the Corporation's head and registered office at Suite 1920, 800-5th Avenue SW, Calgary, Alberta, T2P 3T6, if they wish to share their view on executive compensation with the Board.

At the Meeting, Shareholders will be asked to approve the following resolution (the "**Say on Pay Resolution**"):

"BE IT RESOLVED, on an advisory basis and not to diminish the role and responsibilities of the Board of Directors of Bellatrix Exploration Ltd. (the "**Corporation**"), that the shareholders accept the approach to executive compensation as disclosed in the "*Statement of Executive Compensation*" section in the management information circular of the Corporation dated March 26, 2018."

Unless otherwise directed, the persons named in the enclosed form of proxy, if named as proxy, intend to vote for approval of the Say on Pay Resolution.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Governance

Compensation Committee Mandate

The Board has adopted a mandate for the compensation committee (the "**Compensation Committee**") of the Board, which provides that it is the Compensation Committee's responsibility to formulate and make recommendations to the Board in respect of compensation issues relating to directors, officers and employees of the Corporation and its subsidiaries, as applicable. Without limiting the generality of the foregoing, the Compensation Committee has the following duties:

1. to review the compensation philosophy and remuneration policy for employees of the Corporation and to recommend to the Board changes to improve the Corporation's ability to recruit, retain and motivate employees;
2. to consider the implications and the risks associated with the Corporation's compensation policies and practices;
3. to review and recommend to the Board the retainer and fees to be paid to members of the Board, members of committees of the Board, and chairs of the various committees of the Board;
4. to review and approve corporate goals and objectives relevant to the compensation of the Chief Executive Officer (the "**CEO**") of the Corporation, evaluate the CEO's performance in light of those corporate goals and objectives, and determine the CEO's compensation level based on such evaluation (the CEO shall not be present during any voting or deliberations by the Compensation Committee with respect to the compensation of the CEO);
5. to make recommendations to the Board with respect to non-CEO officer and director compensation including to review management's recommendations for proposed stock option or other incentive compensation plans and equity based plans for non-CEO officer and director compensation and make recommendations in respect thereof to the Board;
6. to administer the Option Plan, the Award Plan and other incentive plans approved by the Board in accordance with the terms of such plans including recommending to the Board (and if delegated authority thereunder, approve) the grant of stock options or other incentives under such plans in accordance with the terms thereof;
7. to determine and recommend for approval of the Board bonuses to be paid to officers and employees of the Corporation and its subsidiaries, as applicable, and to establish targets or criteria for the payment of such bonuses, if appropriate;
8. to review the disclosure as to compensation matters included in the information circular and proxy statement of the Corporation as mandated by applicable securities laws including, without limitation, the Compensation Discussion and Analysis set out below, prior to the Corporation publicly disclosing the same; and
9. to review periodically, as determined necessary, but at least annually, the Compensation Committee's Mandate and Terms of Reference and recommend to the Board and the Corporate Governance Committee of the Board amendments as the Compensation Committee believes are necessary or desirable.

The Compensation Committee is required to be comprised of at least three directors, or such greater number as the Board may determine from time to time and all members are required to be independent, for purposes of National Policy 58-201 – *Corporate Governance Guidelines* and the rules of the NYSE. Pursuant to the mandate of the Compensation Committee, meetings of the Compensation Committee are to take place at least one time per year and at such other times as the Chair of the Compensation Committee may determine.

Composition of the Compensation Committee

The Compensation Committee is comprised of Keith E. Macdonald (Chair), Murray L. Cobbe, W.C. (Mickey) Dunn and Steven J. Pully, all of whom are independent directors. As described under "*Matters to be Acted Upon at the Meeting – Election of Directors*", each of Messrs. Cobbe, Dunn, Macdonald and Pully have held senior executive management positions in various entities and in such roles have been involved in human resources and compensation issues. Messrs. Cobbe, Dunn, Macdonald and Pully have gained substantial experience and a thorough understanding of compensation, benefit and pension programs and related issues as a result of their senior executive management experience. This includes a specific understanding of executive compensation programs including base pay, equity and other incentives programs. In addition, each of Messrs. Cobbe, Dunn, Macdonald and Pully have acted and continue to act as directors of numerous public and private companies and have therefore been involved in compensation issues for such companies. The skills and experience possessed by members of the Compensation Committee acquired as a result of their lengthy and extensive business careers and experience as described above will assist and enable them to make decisions on the suitability of the Corporation's compensation policies and practice.

Compensation Consultant or Advisor

The Compensation Committee periodically retains Lane Caputo Compensation Inc. ("**Lane Caputo**"), an independent executive compensation consulting firm, to assist the Compensation Committee in reviewing executive officer and director compensation and making recommendations to the Board with respect to executive officer and director compensation matters and certain other matters such as implementing share ownership guidelines for director and executive officers.

The following sets forth the fees billed by Lane Caputo in each of the last two completed financial years:

	2016	2017
Executive compensation-related fees ⁽¹⁾	\$31,206	\$35,700
All other fees ⁽²⁾	nil	nil

Notes:

- (1) Executive compensation-related fees are fees for services related to determining compensation for any of the Corporation's directors and executive officers.
- (2) Fees billed for all services other than executive compensation-related Fees.

Risk and Executive Compensation

The Corporation has designed its compensation programs to provide an appropriate balance of risk and reward in relation to its overall business strategy. The Corporation is of the view that its compensation programs do not incent its executives to take undue risks because executives receive a mix of compensation elements with a significant portion of compensation in the form of long-term equity-based awards. Additionally, the Corporation has risk mitigation practices that include designing balanced incentive plans that are not focused on a single financial measure, a clawback policy for both short-term and long-term variable compensation, share ownership requirements for the executive officers and trading restrictions.

Incentive Plan Design

The ability of the Compensation Committee to consider factors such as personal contributions to corporate performance and non-financial, non-production or non-reserves based elements of corporate performance allows the Compensation Committee to consider whether executive officers have attempted to bolster short-term results at the expense of the long term success of the Corporation in determining executive compensation. In addition, as the compensation program consists of fixed (base salary) and variable (annual cash bonuses and long term incentive plan grants), the incentive for short-term risk taking is balanced with the incentive to focus on generating long-term sustainable value for Shareholders. Options and Awards which make up a significant portion of an executive officer's total compensation, generally vest over a period of time (one to three years), which acts to further mitigate against the potential and inappropriate short-term risk taking. There are no compensation policies and practices that are structured significantly different for any Named Executive Officers (as defined below). The Compensation Committee and the

Board will continue to monitor compensation risk assessment practices on an ongoing basis to ensure that the Corporation's compensation program is appropriately structured.

Clawback Policy

In 2015, the Board introduced a clawback policy on all forms of incentive compensation, including, without limitation, bonuses, Option grants under the Option Plan and Awards under the Award Plan, that may be awarded to executive officers including the Named Executive Officers when (i) an executive engages in conduct that results in the need for the correction or restatement of financial results, (ii) the executive receives an award calculated on the achievement of those financial results, and (iii) the award received would have been lower had the financial results been properly reported. The policy requires that when the clawback is triggered, the executive must repay the amount of incentive compensation that is in excess of the incentive compensation the executive would have received if the incentive compensation had been computed in accordance with the results as restated, calculated on an after tax basis.

Share Ownership and Retention Requirements

Executive Officers are required to maintain a significant equity investment in the Corporation to align their interests with those of the Shareholders, and mitigate against the likelihood of undue risk taking. The share ownership guidelines establish minimum share ownership levels for executives based on a multiple of their salary and executive level. In addition, the share ownership guidelines include retention guidelines which provide that until such time as the applicable share ownership guideline is achieved, the executive officer is encouraged to retain an amount equal to 50% of the net Common Shares obtained through the Corporation's equity compensation plans, including the Option Plan and the Award Plan. "Net Common Shares" are those shares that remain after shares are sold or netted to pay the exercise price of stock options (if applicable) and/or applicable taxes. See "*Executive Officer Share Ownership and Retention Guidelines*".

Trading Policy

The Corporation's Disclosure, Confidentiality and Trading Policy provides that directors, officers and employees of Bellatrix are prohibited from engaging in the following transactions in the Corporation's securities: (i) selling the Corporation's securities short; (ii) buying or selling puts or calls or other derivative securities on the Corporation's securities; and (iii) entering into hedging or monetization transactions or similar arrangements using securities of the Corporation to hedge other securities of the Corporation.

Compensation Disclosure and Analysis

The Compensation Committee, among its other responsibilities, makes specific recommendations to the Board in respect of the compensation of the employees and executive officers (other than the CEO) and determines the CEO's compensation. In formulating recommendations to the Board with respect to compensation of the employees and the executive officers of the Corporation (other than the CEO), the Compensation Committee consults with, and reviews recommendations of, the CEO.

In making recommendations to the Compensation Committee, the CEO will make a general recommendation for compensation of all non-executive employees of the Corporation as to salary levels, bonuses to be awarded, Options to be granted pursuant to the Option Plan, Restricted Awards and Performance Awards to be granted pursuant to the Award Plan of the Corporation and certain other elements of compensation to be awarded to non-executive employees. In making recommendations with respect to the compensation of executive officers of the Corporation (other than the CEO), the CEO will make specific recommendations with respect to each element of compensation to be awarded to each individual executive officer. Such recommendations are based on the CEO's review and analysis of a variety of information including compensation data of comparable issuers, corporate performance of the Corporation, personal performance of individual executive officers and any other relevant information. Upon receiving recommendations from the CEO as well as the CEO's analysis of information used to make such recommendations, the Compensation Committee reviews the information provided, consults with Lane Caputo, and either accepts or makes amendments to the CEO's proposals. The Compensation Committee then makes a recommendation to the Board as a whole for approval. The Board reviews all recommendations of the Compensation Committee with respect to executive officers (other than the CEO) relating to compensation matters before final approval. The Compensation Committee

determines the compensation to be awarded to the CEO based upon a review of similar information without the input of the CEO.

The Corporation is committed to paying for performance and recognizes the importance of attracting and retaining highly skilled and talented employees throughout the organization. The Compensation Committee and the Board recognize that the Corporation's success depends on its ability to attract, retain and motivate superior performing employees at all levels, which can only occur if the Corporation has an appropriately structured and executed compensation program. The Corporation's compensation plan for all of its employees, including its executive officers, continues to be comprised of the following elements:

- base salary
- long term incentive compensation
 - Option Plan
 - Employee Savings Plan (as defined below)
 - Award Plan
- short term incentive compensation
 - Bonus Plan (as defined below)
- other benefits
 - health care and wellness spending accounts and other benefits

Salaries and bonuses are intended to provide current compensation and short-term incentive for employees and executive officers to meet the Corporation's goals, as well as to remain competitive with the members of the Corporation's Compensation Peer Group (as defined below). Options are granted, and participation in the Employee Savings Plan is provided, as a long-term incentive to encourage commitment to the Corporation. Awards are both a long-term incentive to encourage commitment to the Corporation and to provide incentive for employees and management to meet the Corporation's goals. The Compensation Committee believes that the elements of compensation which are based on performance, including bonuses and the grant of Options and Awards should represent a significant portion of each executive officer's compensation in order to align compensation with corporate performance and therefore Shareholders' interests.

While each element of compensation is determined based on its own criteria, upon determining the recommendations to be made with respect to each element of compensation, the Compensation Committee looks at all the elements of compensation to be awarded to individual executive officers and ensures that the total compensation of such individual executive officer is not out of line with the compensation to be awarded to other executive officers and the intended objectives of the Corporation's compensation policies.

In addition, due to the need to compete for skilled executive officers and staff with other oil and gas companies that offer a wide variety of different incentives, benefits and perquisites, including flex days, greater vacation entitlements and incentive programs, management, the Compensation Committee and the Board determined that it was necessary for the Corporation to provide some additional benefits to help differentiate itself from its competitors. As a result, the Corporation has established some alternative benefits plans, including the health care and wellness spending accounts (the "**Health Care and Wellness Spending Accounts**") for each employee, including the executive officers, of the Corporation and certain other perquisites as described herein.

When determining executive compensation, including the assessment of the competitiveness of the Corporation's executive compensation practices, the CEO and the Compensation Committee utilize compensation survey information provided by Mercer Human Resource Consulting Ltd. ("**Mercer**"), an independent human resource consulting firm, in addition to other compensation information obtained by the CEO and the Compensation Committee from public disclosure documents of comparable issuers. Information provided by Mercer is based on its annual survey of compensation practices within the Canadian oil and gas industry, which reflects the prior fiscal year's compensation determinations. Each year since 2015, the Compensation Committee has received the advice of Lane Caputo in relation to the appropriateness and competitiveness of the compensation awarded to the executive officers and the non-executive employees. In addition, the Compensation Committee reviews the Corporation's performance relative to performance information available in the public domain with respect to companies in the Corporation's Compensation Peer Group. In selecting a benchmarking group for performance comparison purposes, the CEO and the Compensation Committee consider the entities with which the Corporation competes for talent and, from that group, selects benchmarking group members based on a comparison of broad corporate measures such as annual production, annual revenue and number of employees. For 2017, the entities included in the Corporation's benchmarking group are: Advantage Oil & Gas Ltd., Baytex Energy Corp., Birchcliff Energy Ltd., Bonavista Energy

Corporation, Bonterra Energy Corp., Cardinal Energy Ltd., Crew Energy Inc., Kelt Exploration Ltd., NuVista Energy Ltd., Obsidian Energy Ltd., Painted Pony Petroleum Ltd., Paramount Resources Ltd., Pengrowth Energy Corp., Pine Cliff Energy Ltd., Raging River Exploration Inc., Spartan Energy Corp., Surge Energy Inc., Tamarack Valley Energy Ltd., TORC Oil & Gas Ltd., Trilogy Energy Corp., and Whitecap Resources Inc. (collectively, the "**Compensation Peer Group**").

Base salaries for our executive officers, including the CEO, are intended to be competitive with salaries paid to executive officers by the companies in the Corporation's Compensation Peer Group. Total compensation of executive officers is intended to be competitive with companies in the Corporation's Compensation Peer Group provided that such executive officers meet or exceed performance expectations for their roles and the Corporation meets corporate performance targets.

The Compensation Committee and the Board in consultation with management and upon receiving the advice of compensation consultants, when determined necessary, will continue to evaluate the various elements of the Corporation's compensation program to ensure that executive compensation effectively aligns with the performance of the Corporation and the interests of Shareholders.

Each element of the Corporation's executive compensation program is described in more detail below.

Base Salaries

Base salaries for executive officers, including the CEO, for the year ended December 31, 2017 were established at rates that are competitive with those paid by the Compensation Peer Group. In assessing comparability, the Corporation relied upon salary and other remuneration data provided by Mercer as well as other compensation information obtained from public disclosure documents of comparable issuers and the advice and guidance of Lane Caputo. Consideration was given to the time period evaluated in industry surveys and public data and to the business climate applicable at the time with respect to industry demand for experienced personnel.

In setting base compensation levels of individual executive officers, consideration is given to objective factors such as level of responsibility, experience and expertise. The performance and salary of each Named Executive Officer is reviewed on an annual basis.

Option Plan

Options are granted under our Option Plan to officers, employees and other service providers generally upon commencement of service based on the level of responsibility with Bellatrix. The Corporation's current policy is that additional grants are generally made on an annual basis. The purpose of the Option Plan is to provide an effective long-term incentive for the eligible service providers to the Corporation and to align the interests of these service providers to those of the Corporation and its securityholders. In determining the number of Options to be granted to each individual executive officer, the CEO and the Compensation Committee assess the number of Options required to remain competitive with similar positions for companies in the Corporation's Compensation Peer Group and such number may be adjusted based on corporate performance as well as a subjective determination of such executive officer's personal performance and individual contributions made to the Corporation. The Board has delegated the authority to grant Options to new hires of non-executive employees, consultants and other service providers to the CEO and any one member of the Compensation Committee, provided that any such grant to any one individual shall be limited to a grant date value of \$100,000. For additional details on the Option Plan see "*Incentive Plan Awards – Option Plan*".

Award Plan

The Board upon the recommendation of the Compensation Committee adopted the Award Plan in August 2013 as a long-term compensation plan of the Corporation.

The Compensation Committee recommendation was based on the belief that the Award Plan would be a more effective retention tool and a more effective compensation mechanism to incentivize employees, officers and other services providers to the Corporation. In addition, the Award Plan is intended to better align the compensation of management

and employees of the Corporation with the success of the Corporation and the creation of shareholder value over the longer-term which should be recognized in the trading price of the Common Shares. The Compensation Committee also concluded that the Award Plan would result in less dilution to Shareholders than the Option Plan at the present time. The Award Plan currently provides for the settlement of any Award by any of the following methods or by a combination of such methods: (a) payment in cash; (b) payment by Common Shares purchased by the Corporation through the facilities of the TSX; or (c) payment by the issuance of Common Shares from the treasury of the Corporation.

In the case of Performance Awards, vesting is based not only on time, but the number of notional Common Shares underlying the Performance Awards gets adjusted based on the "payout multiplier" and therefore is dependent on the satisfaction of the performance criteria, based on the following measures and weightings:

- Total Shareholder return 40% weighting
- Finding, Development and Acquisition ("**FD&A**") costs 15% weighting
- Recycle ratio 15% weighting
- Production per share growth 15% weighting
- Development and execution of strategic plan 15% weighting

The numerical measures are measured relative to the performance of other companies in the Corporation's Compensation Peer Group as the members of such peer group are adjusted from time to time. Although the Compensation Committee and Board expect to use the above referenced performance measures for determining the payout multiplier for the near future, such measures may be changed if the Compensation Committee and Board determine such a change is appropriate. Performance Awards granted in 2017 also included a maximum payout multiplier of 2.0 times such that the number of notional Common Shares underlying each Performance Award cannot exceed 2.0 Common Shares for each Performance Award.

In 2017, the Corporation granted both Performance Awards and Restricted Awards to executive officers and certain other upper management employees and all other employees received Restricted Awards. The more senior the position of the employee receiving the grant of Awards the more heavily the weighting towards Performance Awards. The number of total Awards granted to each executive officer or employee of the Corporation was based on a multiple of the annual base salary of each of such executive officer or employee after the Compensation Committee gave consideration to a number of factors including the practices of other members of the Corporation's Compensation Peer Group, total compensation of such executive officers and employees, the mix of long-term compensation (such as Options and Awards) and other forms of compensation previously received by such executive officers and employees and the potential costs to the Corporation. The Compensation Committee and the Board intends to grant Awards under the Award Plan on an annual basis. For additional details on the Award Plan see "*Incentive Plan Awards – Award Plan*".

Employee Savings Plan

The Corporation has an employee share purchase plan (the "**Employee Savings Plan**") which, among other things, authorizes the Corporation to make contributions into the Employee Savings Plan for the purchase of Common Shares in the open market for the benefit of participating full time salaried employees, including executive officers (in this section, collectively, "**Employees**") and directors of the Corporation. Pursuant to the Employee Savings Plan, Bellatrix will match Employee and participating director contributions towards the Employee Savings Plan up to a maximum of Employee contributions of 10% of their annual base salary or, in the case of participating directors, 10% of their base board retainer, excluding meeting fees and fees paid for chairing a committee of the Board. Each of the Employees' or participating directors' contribution and Bellatrix's contribution in each calendar month will be used to acquire Common Shares on the open market.

The purpose of the Employee Savings Plan is to provide a means by which Employees and directors can save for their retirement to ensure their long term future financial security, and to develop the interest of the Employees and directors in the growth and development of Bellatrix by providing them with the opportunity to acquire an increased proprietary interest in the Corporation through the purchase of Common Shares. As at December 31, 2017, 127 out of 157 eligible Employees participated in the Employee Savings Plan, representing an 81% participation rate by the Corporation's Employees. All of the Corporation's executive officers participate in the Employee Savings Plan.

The Board may amend the Employee Savings Plan, in whole or in part, at any time, provided the amendment or termination does not deprive a participant of any benefits accrued under the Employee Savings Plan on or prior to the date of amendment or termination.

Bonus Plan

The Corporation has an annual incentive plan providing for the payment of annual cash bonuses (the "**Bonus Plan**") to officers and employees of the Corporation. The Corporation's objectives for the Bonus Plan are to provide an annual incentive plan framework that is performance-driven and focused on objectives that are critical to the Corporation's success, to offer competitive cash compensation opportunities to all Bellatrix employees, and to incentivize and reward outstanding achievement. Broadly speaking, the intention of the Bonus Plan is to provide incentive awards largely determined on the basis of the Corporation's results on financial and operating performance measures, as well as departmental objectives and individual performance goals that vary between participants and groups. For certain of the measures the Corporation's performance is measured relative to the Compensation Peer Group. For the 2017 fiscal year, each of the Named Executive Officers participated in the Bonus Plan. Each of Messrs. Eshleman, Lof, Kraus, Ulmer and Oicle were eligible to receive a target bonus under the Bonus Plan based on a percentage of their base salary. Although Messrs. Smith and Brown retired prior to year-end, under the terms of their employment agreements with Bellatrix they were entitled to receive an amount equal to the average cash bonuses paid to each of them, respectively, in the two years prior to their retirement pro-rated for the portion of the year they were employed during the year. The amount of each 2017 target bonus award for each Named Executive Officer under the Bonus Plan was 100% for the CEO, 80% for the COO and each of the Executive Vice Presidents and 50% for all other Vice Presidents; however, if certain corporate thresholds are not achieved, it is possible for the Named Executive Officers to not receive any bonus.

For 2017, the Compensation Committee determined that the performance measures applicable to the bonus awards for the Corporation's executive officers, including the Named Executive Officers, would include production, cash costs, FD&A costs, adjusted cash flow per share, safety/environmental/compliance, departmental and corporate strategy objectives, and a discretionary component, with various weighting depending upon the executive officers' areas of primary responsibility as follows:

- *Quantitative Measures* – individualized weighting for each of the following metrics:
 - *Production (10% - 20%)* – sliding scale based on average annual working interest production guidance range. Working interest was selected in order to eliminate the impact of changes in commodity price which influence royalty calculations. In addition, targets are adjusted for the impact of acquisitions and/or divestitures for the purpose of calculating production under this measure.
 - *Operating Expense (5% - 20%)* – sliding scale based on operating expenses per barrel of oil equivalent ("**BOE**") of production relative to guidance.
 - *Controllable Gross G&A Expense (5% - 15%)* – sliding scale based on gross general and administrative ("**G&A**") expenses (before recoveries and excluding unusual items) relative to the Corporation's budget.
 - *FD&A Cost (10% - 25%)* – compares the Corporation's FD&A costs (\$/BOE) to the reported FD&A costs of the Compensation Peer Group. The calculation is based on year-end proved plus probable reserves (excluding Bellatrix Alder Flats Plant capital) and the Corporation's performance is based on a quartile ranking among the Compensation Peer Group.
 - *Adjusted Cash Flow per Share (10% - 20%)* – compares the Corporation's annual cash flow per share to the Corporation's budget target (excluding the same unusual items deducted from Controllable Gross G&A Expense).
- *Safety/Environment/Compliance (5 - 15%)* – tracks the Corporation's performance from an environmental, safety and compliance perspective, including the number of inspections, low risk incidents and high risk incidents and compliance with public company and other regulatory requirements.

- *Departmental Objectives (15 - 20%)* – based on achievement of key departmental objectives identified and measured with input from the CEO and executive team.
- *Corporate Strategy and Discretionary (10 - 20%)* - based on the recommendation of the CEO and with reference to achievement of the Corporation's strategy.

With respect to the departmental objectives and discretionary aspects of the Bonus Plan, in determining the 2017 cash bonuses the Compensation Committee considered a number of the positive results achieved by the Corporation in 2017 including low FD&A costs, strong well and operational performance, including three increases to production guidance during the year, continued cost reductions and non-core property dispositions. The Compensation Committee also considered these factors in light of the continued depressed crude oil and natural gas prices and the resultant impact on the Corporation's future cash flows and 2018 capital budget. In particular, in the Compensation Committee's judgement, the Corporation executed on three corporate objectives during the 2017 fiscal year: (i) low FD&A costs, (ii) operational execution, and (iii) non-core dispositions.

1. *Low FD&A Costs*

- FD&A cost of \$4.81/boe excluding capital invested in the Alder Flats Plant and \$5.27/boe including the Alder Flats Plant.
- Proved and proved plus probable FD&A costs, including changes in future development capital, at an average of \$2.30/boe and \$4.05/boe, respectively.

2. *Operational Execution*

- Drill, complete, equip and tie-in costs in the Spirit River reduced to \$3.8 million in 2017 (and further reduced to \$3.5 million in the first quarter of 2018).
- Spirit River well program outperforming expected results by approximately 38% on an IP180 basis.
- Alder Flats Plant phase 2 expansion project on schedule and approximately 5% under budget.

3. *Non-Core Dispositions*

- Strachan area non-core asset disposition for total consideration of \$34.5 million.
- Additional non-core asset dispositions and swap transactions.

Disclosure provided herein in respect of BOEs may be misleading, particularly if used in isolation. A BOE conversion ratio of 6 million cubic feet of natural gas per one barrel of oil is based on an energy equivalency conversion method primarily applicable at the burner tip and does not represent a value equivalency at the wellhead. Given that the value ratio based on the current price of crude oil as compared to natural gas is significantly different from the energy equivalency of 6:1, utilizing a conversion on a 6:1 basis may be misleading as an indication of value. It should not be assumed that the estimates of future net revenues presented herein represent the fair market value of the reserves.

Safety/Environment/Compliance

The Compensation Committee reviewed the Corporation's performance with respect to safety, environmental protection and compliance with regulatory requirements, including tracking the number of safety inspections, low risk incidents and high risk incidents. For 2017, the Corporation achieved an Alberta Energy Regulator industry report card compliance rating of 66% compared to the industry average of 77%, a total recordable incident frequency of 0.63 compared to the industry average of 0.85, and a nil average cost per lost time claim versus the industry average of \$12,193. The Corporation also maintained compliance with applicable public company reporting requirements in Canada and the United States, as well as all applicable financial covenant requirements under its bank credit facilities.

Other

In addition to the foregoing measures, current industry conditions, outlooks for 2018 and reduced shareholder returns were all factors which were also considered in reviewing compensation. Based on the foregoing, the Compensation Committee recommended to the Board and the Board approved cash bonuses for the Named Executive Officers that approximated the following: 66% of target for the CEO, 54% of target for each of the Executive Vice-Presidents, 56% of target for the COO and 64% of target for the Vice-President, Exploration.

Other Executive Benefits

In addition to salary, Options, Awards and bonuses, the executive officers are entitled to certain other benefits that are not available to other employees of the Corporation. A description of the executive benefits is set out below.

Health Care and Wellness Spending Account

In 2017, executive officers were eligible to claim health, medical, dental and wellness expenses up to a maximum of \$20,000 per annum pursuant to the Health Care and Wellness Spending Accounts established for each executive officer. The Health Care and Wellness Spending Accounts may be used to claim health, medical and dental related costs incurred by executive officers and their dependents which are not taxable as income for the executive officers provided that these non-taxable expenses must meet the Canada Revenue Agency's ("**CRA**") tax deduction guidelines for eligible expenses. Other health or wellness expenses that do not meet the CRA's guidelines for eligible expenses can also be claimed but such expenses are taxable as income for the executive officers. Although all employees of the Corporation receive a Health Care and Wellness Spending Account, the amounts of such accounts are greater for executive officers.

Other Executive Benefits

The Corporation pays up to \$7,500 in executive club membership fees for executive officers (not taxable), provides paid parking (taxable benefit) of approximately \$4,788 per year and pays \$1,495 for an annual private medical examination for each executive officer. Additional details about perquisites and benefits received by the executive officers can be found in the "*Summary Compensation Table*" set out below and in the notes thereto.

Executive Officer Share Ownership and Retention Guidelines

Similar to the non-management director guidelines, in April 2014 Bellatrix implemented share ownership guidelines for executive officers with a view to aligning the long-term interests of Bellatrix's executive officers with those of Shareholders.

Pursuant to the executive officer share ownership guidelines, executive officers are required to hold Common Shares and/or Restricted Awards with a combined value of not less than (i) three times the annual base salary for the CEO; (ii) two times the annual base salary for each of the Executive Vice-Presidents (including the Chief Operating Officer ("**COO**")); and (iii) one times the annual base salary for each of the Vice-Presidents, and such officers are expected to achieve this level within five years of their appointment or promotion, as applicable. If an executive officer's annual base salary increases and as a result the executive officer no longer meets the requirements of the share ownership guidelines, the officer will have, until March 15 of the following year to achieve the required ownership level. The value of Common Shares and Restricted Awards are valued as at March 15 of each year at the greater of the cost or market value of such Common Shares and Restricted Awards. Performance Awards are not included for the purposes of the share ownership guidelines due to the variable nature of the number of notional Common Shares underlying such Performance Awards. If an executive officer previously satisfied the share ownership guidelines but as a result of a drop in the market value of the Common Shares ceased to satisfy the share ownership guidelines and the executive officer's aggregate ownership of Common Shares and Restricted Awards has not decreased, the executive officer will have until March 15 of the following year to re-achieve the required ownership levels.

In addition to the foregoing share ownership guidelines, in April 2016 the Corporation amended the terms of the share ownership guidelines to include a retention requirement for Common Shares obtained through the Corporation's equity compensation plans, including the Option Plan and the Award Plan. Specifically, the retention guideline provides that

until the applicable share ownership guideline is achieved, the executive officer is encouraged to retain an amount equal to 50% of the net Common Shares obtained through the Corporation's equity compensation plans. "Net Common Shares" are those Common Shares that remain after Common Shares are sold or netted to pay the exercise price of stock options (if applicable) and/or applicable taxes.

The following table shows the equity ownership guideline and equity ownership for each Named Executive Officer based on their salaries at March 15, 2018:

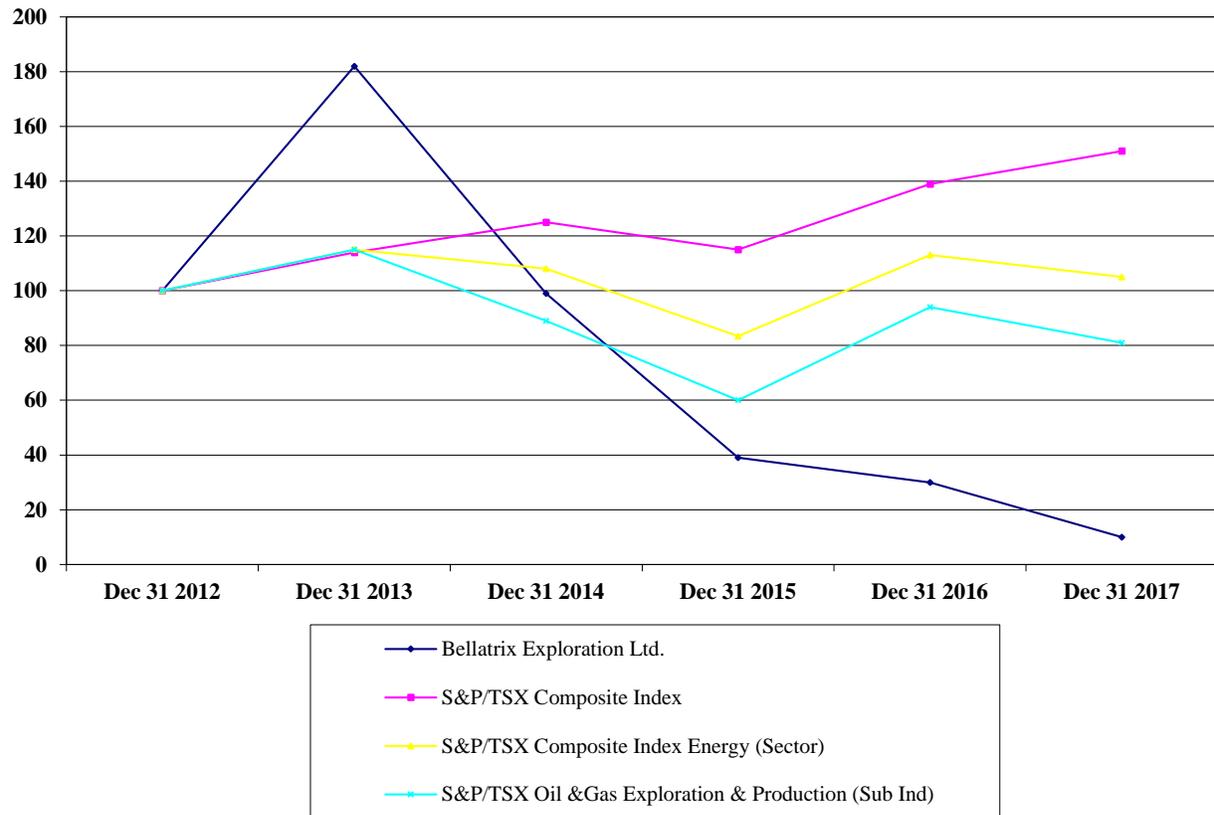

Name	Equity Ownership Guideline			Equity Ownership			Meets Share Ownership Requirement

Notes:

- (1) Mr. Smith retired effective February 15, 2017 and as such he has not been included in the above table.
- (2) Mr. Brown retired effective June 19, 2017 and as such he has not been included in the above table.

- (4) Mr. Eshleman, formerly the Executive Vice President and Chief Operating Officer, was appointed President and Chief Executive Officer on February 15, 2017; at that time, his salary was set at \$400,000 and his share ownership requirement was increased from two times his base salary to three times his base salary. In accordance with the terms of the policy set out above, Mr. Eshleman has until February 15, 2022 to achieve the higher ownership level.
- (5) On June 19, 2017, Mr. Lof was appointed as Executive Vice-President and Chief Financial Officer. At that time, his salary was set at \$325,000 and his share ownership requirement was set at two times his base salary. In accordance with the terms of the policy set out above, Mr. Lof has until June 19, 2022 to achieve the higher ownership level.
- (6) On March 15, 2017, Mr. Kraus was appointed as Executive Vice-President, General Counsel and Corporate Secretary and his share ownership requirement was increased from one time his base salary to two times his base salary. - (8) Share ownership is determined as at March 15, 2018. For the purposes of determining Common Share ownership of a particular NEO, Common Shares owned directly by such individual, such individual's spouse or children or through any holding company directly owned and controlled by such NEO are treated as Common Shares owned by such individual.
- (9) The "Value of Equity Ownership" amount of the Common Shares and Restricted Awards held by each NEO is based on the greater of: (a) grant date fair value, and (b) the closing price of the Common Shares on the TSX on March 15, 2018 being \$1.38 per Common Share.

Performance Graph

The following graph illustrates our cumulative Shareholder return, as measured by the closing price of our Common Shares from December 31, 2012 and at the end of each financial year, assuming an initial investment of \$100 on December 31, 2012 compared to the S&P/TSX Composite Index, the S&P/TSX Composite Index Energy (Sector) and the S&P TSX Oil and Gas Exploration & Production (Sub-index), assuming the reinvestment of dividends and distributions where applicable.

Notes:

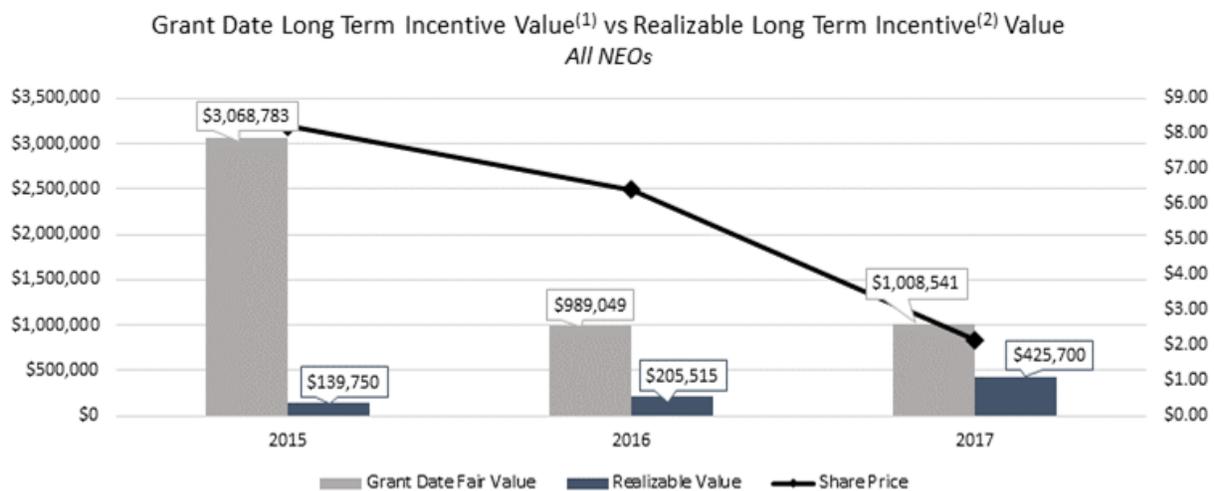

(1) Reflects Shareholder return from December 31, 2012.

Any increase or decline in the trading price of the Common Shares has a direct impact on current and future compensation value from long-term incentives pursuant to the Option Plan, Award Plan and Employee Savings Plan. Although the Corporation's share price and total shareholder return increased in 2013, the Corporation experienced a decrease in its share price and total shareholder return in 2014 through 2017. In 2014 and 2015, while the Corporation experienced continued growth and operational success, total compensation was generally held flat. In 2016, the Corporation's growth was relatively flat and, as such, total compensation was also maintained at relatively flat levels.

The Corporation, along with many of its peer companies, experienced a significant decrease in the total return of the Common Shares in 2014 through 2017 largely due in part to the precipitous drop in crude oil and natural gas prices in the last half of 2014 and continued depressed pricing through 2017. As a result in 2017, while the Corporation experienced production growth and operational success, total compensation was maintained at relatively flat levels.

The total compensation for the executive officers is affected by increases and decreases in the price of the Common Shares as the value of Options and Awards increase or decrease as Common Share prices increase or decrease. Options, Awards and payments under the Bonus Plan (to the extent that such payments are based on meeting corporate performance expectations) represent "at risk" compensation which help align the total return on the Common Shares and the compensation received by our executive officers; however, total executive compensation does not always directly correlate with increases and decreases in the total return on the Common Shares as other performance factors are considered in determining the amounts of payments under the Bonus Plan and for determining the payout multiplier for Performance Awards. Although generally such other performance factors correspond to total Shareholder return, the trading price of the Common Shares may be affected by a number of factors unrelated to such performance measures.

Long-term equity incentives are designed to encourage executive officers to remain with the Corporation, to reward them for their sustained contributions to long-term performance and the creation of Shareholder value, and most importantly, to align the interests of the executive officers with the long-term interests of Shareholders. Alignment of long term equity incentives with Shareholder fortunes is illustrated in the graph below:

Notes:

- (1) Grant Date Long Term Incentive Value is the value of Option-based awards and Share-based awards as reported in the Summary Compensation Table.
- (2) Realizable Long Term Incentive Value is the value of vested and unvested Option-based awards (strike price of the Option less market price of the underlying Common Share) and Share-based awards (the market price of the underlying Common Share) had those awards been exercised.
- (3) For each year, the then current CEO, CFO, COO, general counsel and the next highest compensated vice president have been included.

Common Share price performance has been negative over the years ended December 31, 2015, 2016 and 2017 and as a result, the aggregate realizable value of the long-term equity incentives granted to the Corporation's Named Executive Officers has decreased by more than 80% from the aggregate value originally awarded by the Board.

 - (7) Mr. Ulmer, formerly the Vice President, Engineering, was appointed Chief Operating Officer on March 15, 2017; at that time his salary was set at \$325,000.
 - (8) Based on the grant date fair value of the applicable awards. The fair values of Options granted in 2017 to all NEOs are estimated on the date of grant using the Black-Scholes option pricing model, which is the fair value determined in accordance with the standards established under International Financial Reporting Standards ("IFRS") with the following assumptions: dividend yield of zero percent, expected volatility of 75.1% in the first year after grant, 71.5% in the second year after grant and 67.4% in the third year after grant, expected percent average risk-free interest rate of 0.9%, with the annual grants being issued in 3 tranches with expected life values of 2.0, 3.0 and 3.5 years respectively. The fair values of Options granted in 2016 to all NEOs are estimated on the date of grant using the Black-Scholes option pricing model, which is the fair value determined in accordance with the standards established under IFRS with the following assumptions: dividend yield of zero percent, expected volatility of 81.5% in the first year after grant, 69.7% in the second year after grant and 66.7% in the third year after grant, expected percent average risk-free interest rate of 0.6%, with the annual grants being issued in 3 tranches with expected life values of 2.0, 3.0 and 3.5 years respectively. The fair values of Options granted in 2015 to all NEOs are estimated on the date of grant using the Black-Scholes option pricing model, which is the fair value determined in accordance with the standards established under IFRS with the following assumptions: dividend yield of zero percent, expected volatility of 52.4% in the first year after grant, 51.9% in the second year after grant and 50.7% in the third year after grant, expected percent average risk-free interest rate of 0.6%, with the annual grants being issued in 3 tranches with expected life values of 2.0, 3.0 and 3.5 years respectively. This methodology was selected due to its acceptance as an appropriate evaluation methodology for similar sized oil and gas companies.
 - (9) The compensation reported under share-based awards is the value of Awards granted in the years ended December 31, 2015, 2016 and 2017. The value of Restricted Awards and Performance Awards is based on the number of Restricted Awards and Performance Awards granted multiplied by the volume weighted average price per Common Share on the TSX for the five trading days prior to the date of the grant. This methodology for calculating the fair value of the Restricted Awards and Performance Awards on the grant date is consistent with the initial fair value determined in accordance with IFRS 2; however, under IFRS the fair value of the awards is re-measured at the year-end balance sheet date using the same methodology.
 - (10) Represents cash bonuses that are declared and paid annually in March in the year following the year that they are earned.
 - (11) The amounts reported under "All other compensation" include contributions made on behalf of the Named Executive Officer to Bellatrix's Employee Savings Plan, amounts reimbursed to the executive officers under the Health Care and Wellness Spending Accounts up to a maximum of \$20,000 per annum per executive officer, parking allowances of \$4,788 per executive officer, executive club membership fees up to a maximum of \$7,500, payment of \$1,495 for a private medical examination, medical benefit premiums paid by Bellatrix on behalf of executive officers and perquisites and benefits received by certain executive officers as indicated in the foregoing notes. In the year ended December 31, 2015, the amounts also included premiums for Best Doctors Medical Care of up to \$16,700 per executive officer; this program was discontinued effective December 31, 2015.

Option Plan

The Option Plan is intended to afford persons who provide services to Bellatrix an opportunity to obtain a proprietary interest in Bellatrix by permitting them to purchase Common Shares and to aid in attracting as well as retaining and encouraging the continued involvement of such persons with Bellatrix. The Option Plan permits the granting of Options to officers, employees, consultants and other service providers ("**Optionees**") of Bellatrix and its subsidiaries. No Options may be granted to directors who are not also officers or employees of the Corporation.

On March 26, 2018, the Board adopted an amendment to the Option Plan to decrease the maximum number of Common Shares issuable under the Option Plan from 10% to 8% of the outstanding Common Shares. As such, the maximum number of Common Shares issuable on exercise of Options outstanding at any time is limited, in the aggregate, to 8% of the issued and outstanding Common Shares. Any increase in the issued and outstanding Common Shares (whether as a result of exercise of Options, or otherwise) will result in an increase in the number of Common

Shares that may be issued on exercise of Options outstanding at any time and any increase in the number of Options granted, upon exercise, makes new grants available under the Option Plan. Options that are cancelled, terminated or expire prior to exercise of all or a portion thereof results in the Common Shares that were reserved for issuance thereunder being available for a subsequent grant of Options pursuant to the Option Plan. As of the date of this Information Circular, there were outstanding Options under the Option Plan to acquire, in the aggregate 1,548,732 Common Shares representing 3.1% of the issued and outstanding Common Shares.

The number of Common Shares issuable pursuant to Options granted under the Option Plan and any other security based compensation arrangements of Bellatrix: (i) to insiders at any time may not exceed 10% of the outstanding Common Shares; and (ii) issued to insiders within any one year period may not exceed 10% of the outstanding Common Shares. Options granted under the Option Plan are not assignable.

Options have a term not to exceed five years and, subject to the terms of the Option Plan, shall vest in such manner as determined by the Board or the Compensation Committee. In the absence of any determination to the contrary, Options will vest and be exercisable as to one-third on each of the first, second and third anniversaries of the date of grant, subject to the acceleration of vesting in the discretion of the Committee. If an Option is set to expire during, or within seven business days following the end of, a "Black Out Period" (as such term is defined in the Option Plan) and the Optionee is subject to the Black Out Period, the expiry date of the Option is extended for seven business days following the end of such Black Out period.

The exercise price of any Options granted is determined by the Compensation Committee at the time of grant, provided that the exercise price shall not be less than the volume weighted average trading price of the Common Shares on the TSX (or other stock exchange on which the Common Shares may be listed) for the five consecutive trading days immediately preceding the date of grant.

The Option Plan provides Optionees with an election, if permitted by the Compensation Committee (and the Board), for a cashless exercise ("**Cashless Exercise**") of an Optionee's vested and exercisable Options. If an Optionee elects a Cashless Exercise the Optionee shall surrender its Options in exchange for the issuance by Bellatrix of that number of Common Shares equal to the number determined by dividing the Market Price (as defined in the Option Plan and as calculated as at the date of exercise) into the difference between the Market Price and the exercise price of such Option. In addition, the Option Plan also provides that an Optionee has the right to make an offer (the "**Surrender Offer**") to Bellatrix to surrender any of the Options held by such person for an amount (not to exceed the fair market value, which is calculated as the fair market value of a Common Share (at the time of the Surrender Offer) less the exercise price of such Option) specified therein by the Optionee and Bellatrix may, but is not obligated to, accept the Surrender Offer, subject to any regulatory approval required. The Surrender Offer is intended to allow an Optionee, if permitted by the Corporation, to surrender their Options for a payment in cash equal to the difference between the Market Price and exercise price of such Options instead of exercising such Options for Common Shares.

If an Optionee ceases to be a director, officer, employee of, or service provider to, Bellatrix or a subsidiary of Bellatrix for any reason, the Optionee shall have a period not in excess of six months as prescribed at the time of grant (12 months in the case of death), following the date the Optionee ceases to be a director, officer, employee or consultant or other service provider to exercise Options held to the extent that the Optionee was entitled to exercise the Options at the date of such cessation. In the case of a merger, amalgamation or certain other transactions or a take-over bid approved by the Board, Bellatrix has the right to satisfy any obligations to an Optionee in respect of any unexercised Options by paying to the Optionee a cash amount equal to the difference between the exercise price of all unexercised Options held and the fair market value of the securities to which the Optionee would have been entitled to receive on exercise thereof.

Without the prior approval of the Shareholders, or as may be required by the TSX (or other exchange on which the Common Shares may be listed), the Board may not: (i) make any amendment to the Option Plan to increase the percentage of Common Shares issuable on exercise of outstanding Options at any time, (ii) reduce the exercise price of any outstanding Options, (iii) extend the term of any outstanding Option beyond the original expiry date of such Option, (iv) increase the maximum limit on the number of securities that may be issued to insiders, (v) make any amendment to the Option Plan to permit the grant of Options to directors who are not officers or employees of Bellatrix or its subsidiaries (vi) make any amendment to the Option Plan to permit an Optionee to transfer or assign Options to a new beneficial Optionee other than in the case of death of the Optionee, or (vii) amend the restrictions on

amendments that are provided in the Option Plan. Subject to the restrictions set out above, the Board may amend or discontinue the Option Plan and Options granted thereunder without Shareholder approval; provided if the amendment to the Option Plan requires approval of any stock exchange on which the Common Shares are listed for trading, such amendment may not be made without such approval. In addition, no amendment to the Option Plan or Options granted pursuant to the Option Plan may be made without the consent of the Optionee, if it adversely alters or impairs any Option previously granted to such Optionee.

No financial assistance is provided or has historically been provided by Bellatrix to holders of Options for the purpose of assisting with the exercise of Options.

The following sets forth the number of Options granted during the periods noted below and the potential dilutive effect of such Options.

Period	Number of Options Granted ⁽¹⁾	Weighted Average Common Shares Outstanding ⁽¹⁾	Burn Rate ⁽²⁾ (%)
2017	185,000	49,351,848	0.4%
2016	581,820	42,821,013	1.4%
2015	886,500	38,392,062	2.3%

Notes:

- (1) Effective July 1, 2017, Bellatrix completed a share consolidation on the basis of a consolidation ratio of five old Common Shares for one new Common Share. Both the number of Options granted and weighted average Common Shares outstanding have been adjusted to give effect to the consolidation.
- (2) The burn rate for a given period is calculated by dividing the number of Options granted during such period by the weighted average number of Common Shares outstanding during such period.

Award Plan

On August 7, 2013, the Board adopted the Award Plan which provides for the granting of Awards to employees, officers, consultants or other service providers to the Corporation or any subsidiary of the Corporation but specifically excluding any directors of the Corporation who are not also officers or employees of the Corporation or any subsidiary of the Corporation (collectively, the "**Eligible Participants**"). The principal purposes of the Award Plan are to: (a) retain and attract qualifying Eligible Participants; (b) promote a proprietary interest in the Corporation by such Eligible Participants and to encourage such persons to remain in the employ or service of Bellatrix and its subsidiaries and put forth maximum efforts for the success of the business of Bellatrix and its subsidiaries; and (iii) focus management of Bellatrix and its subsidiaries on operating and financial performance and long-term total shareholder value.

Incentive-based compensation such as the Award Plan is an integral component of compensation for executive officers and employees. The attraction and retention of qualified executive officers and employees has been identified as one of the key risks to Bellatrix's long-term strategic growth plan. The Award Plan is intended to maintain Bellatrix's competitiveness within the North American oil and gas industry to facilitate the achievement of increased shareholder value.

Under the terms of the Award Plan, any Eligible Participant may be granted Restricted Awards, Performance Awards or a combination thereof. In determining the Eligible Participants to whom Awards may be granted ("**Grantees**"), the number of Restricted Awards and/or Performance Awards and the allocation of the Awards between Restricted Awards and Performance Awards, the Compensation Committee (and the Board) may take into account such factors as they determine necessary in their sole discretion, including any one or more of the following factors: (a) compensation data for comparable benchmark positions among the Compensation Peer Group; (b) the duties, responsibilities, position and seniority of the Grantee; (c) the vesting conditions of the Awards to be granted and the other Awards outstanding under the Award Plan; (d) the corporate performance measures as established under the Award Plan for the applicable period compared with internally established performance measures approved by the Compensation Committee and/or similar performance measures of members of the peer comparison group for such

period; (e) the individual contributions and potential contributions of the Grantee to the success of Bellatrix; (f) any bonus payments paid or to be paid to the Grantee in respect of his or her individual contributions and potential contributions to the success of Bellatrix; (g) the fair market value or current market price of the Common Shares at the time of grant of such Awards; and (h) such other factors as the Compensation Committee may deem relevant in connection with accomplishing the purposes of the Award Plan.

At the annual and special meeting of the Shareholders held on May 18, 2016 the Corporation received Shareholder approval for the Award Plan to allow the Corporation to issue Common Shares from treasury to satisfy the Award Value (as defined below) of Awards on the Payment Date (as defined below).

Restricted Awards

Subject to the terms and conditions of the Award Plan (including such additional or different conditions to the determination of vesting and payment as may be prescribed at the time of grant), Restricted Awards entitle the holder to a sum (an "**Award Value**") to be paid such future date or dates (the "**Payment Date**" or "**Payment Dates**") as determined by the Compensation Committee (and the Board) on the date of the grant. In the case of Restricted Awards, the Award Value is calculated at the Payment Date(s) (being the date upon which the Corporation is required to pay to the Grantee all or a portion of the Award Value to which the Grantee is entitled pursuant to such Award in accordance with the terms thereof) by multiplying the number of Restricted Awards (subject to adjustment for dividends as described below) by the fair market value of the Common Shares. The fair market value is determined on the applicable Payment Date as the volume weighted average trading price of the Common Shares on the TSX (or other stock exchange on which the Common Shares may be listed) for the five trading days immediately preceding such date. Alternatively, at the election of the Board the Award Value can be paid by the issuance of the underlying Common Shares from treasury or by purchasing such Common Shares through the facilities of the TSX. For grants of Restricted Awards to all executive officers and employees of the Corporation who received such grants in the year ended December 31, 2017, 1/3 of the Award Value will be paid out on each of May 31, 2018, May 31, 2019 and May 31, 2020.

Performance Awards

Subject to the terms and conditions of the Award Plan (including such additional or different conditions to the determination of vesting and payment as may be prescribed at the time of grant), Performance Awards entitle the holder to be paid a portion of the Award Value underlying such Performance Awards upon the satisfaction of both time and performance criteria as established at the time of grant.

The Award Value of Performance Awards is based on the fair market value of the notional Common Shares underlying a Performance Award as calculated based on the volume weighted average trading price of the Common Shares on the TSX (or other stock exchange on which the Common Shares may be listed) for the five trading days immediately preceding the Payment Date. Alternatively, at the election of the Board the Award Value can be paid by the issuance of the underlying Common Shares from treasury or by purchasing such Common Shares through the facilities of the TSX. In addition, the number of notional Common Shares underlying a Performance Award is adjusted by multiplying the number of notional Common Shares underlying the Performance Awards at the time of grant by the Adjustment Ratio (as defined below) and a payout multiplier applicable to such Performance Award. The payout multiplier shall be based on such corporate performance measures as determined by the Compensation Committee (and the Board) and may range between zero and two times. For the grants of Performance Awards in 2017, the Board determined that the maximum payout multiplier would be 2.0 times. Performance Awards will vest and be subject to payout three years from the dates of grant. The Performance Awards granted in 2017 will vest and be subject to payout on May 31, 2020. See also "*Compensation Discussion and Analysis – Award Plan*".

Adjustment for Dividends

Although the Corporation does not currently anticipate paying dividends at any time in the near future, if dividends are paid on the Common Shares, the number of Common Shares underlying each Performance Award or Restricted Award is adjusted for dividends paid on the Common Shares while such Award is outstanding based on an adjustment ratio (the "**Adjustment Ratio**"). The Adjustment Ratio shall initially be equal to one, and shall be cumulatively adjusted thereafter by increasing the Adjustment Ratio on each dividend payment date, effective on the day following

the dividend record date, by an amount, rounded to the nearest five decimal places, equal to a fraction having as its numerator the dividend, expressed as an amount per Common Share, paid on that dividend payment date, and having as its denominator the volume weighted average trading price of the Common Shares on the TSX for the five trading days immediately preceding the dividend payment date.

Change of Control

Upon a Change of Control (as defined in the Award Plan) the Payment Date(s) of Awards will accelerate if: (a) the Successor (as defined in the Award Plan) does not (or, upon the occurrence of the Corporate Transaction (as defined in the Award Plan), will not) substitute or replace, or the nature of the Corporate Transaction does not provide for the full substitution or replacement of, the Common Shares with shares, securities or other property of the Successor in a manner that substantially preserves and does not impair the rights of the grantees under the Award Plan in any material respect, (b) the grantee is terminated without cause in connection with such Change of Control or within the six (6) months following a Change of Control, or (c) if, within six (6) months following a Change of Control, the grantee voluntarily resigns for an event or events which constitute Good Reason (as defined in the Award Plan).

Method of Payment of Award Value

On the applicable Payment Date, at the sole discretion of the Board, the Award Value may be paid out in cash or in Common Shares purchased through the facilities of the TSX or issued from treasury.

The Award Plan does not contain any provisions for financial assistance by Bellatrix in respect of Awards granted thereunder.

Limitations

The aggregate maximum number of Common Shares reserved that are available to be issued from time to time pursuant to granted and outstanding Awards under the Award Plan at any time shall not exceed the lesser of: (A) 5% of the aggregate number of issued and outstanding Common Shares, and (B) 10% of the aggregate number of issued and outstanding Common Shares less the aggregate number of Common Shares reserved for issuance under outstanding awards, rights or options under any other security based compensation arrangements of the Corporation, including Options granted under the Option Plan. As of the date of this Information Circular, 1,340,553 Awards were outstanding under the Award Plan representing 2.7% of the issued and outstanding Common Shares.

The number of Common Shares issuable to insiders (as defined in the TSX Company Manual) of the Corporation pursuant to the Award Plan and all other security based compensation arrangements of the Corporation, at any time or within any one year period will not exceed 10% of the issued and outstanding Common Shares.

Following the settlement, expiration, cancellation or other termination of any Award under the Award Plan, a number of Common Shares equal to the number of Common Shares underlying the Awards so exercised, expired, cancelled or terminated shall automatically become available for issuance in respect of Awards that may subsequently be granted under the Award Plan.

Blackout Extension

If a Grantee is prohibited from trading in securities of Bellatrix as a result of the imposition by Bellatrix of a trading black-out (a "**Black-Out Period**") and the Payment Date of a Restricted Award or Performance Award held by such Grantee falls within a Black-Out Period, then the Payment Date of such Restricted Award or Performance Award shall be extended to a date which is six business days following the end of such Black-Out Period, unless such extension would cause the Payment Date to extend beyond the Expiry Date, in which case the Payment Date shall remain on the Expiry Date. In such case, the fair market value utilized in determining the Award Value in respect of such Payment Date shall be the lesser of the fair market value determined based on: (i) the five trading days immediately prior to the commencement of such Black-Out Period; and (ii) the five trading days immediately prior to the Expiry Date.

Early Termination Events

Unless otherwise determined by the Committee or unless otherwise provided in a Restricted Award or Performance Award agreement pertaining to a particular Restricted Award or Performance Award or any written employment or consulting agreement governing a Grantee's role as an Eligible Participant, the following provisions apply in the event that a Grantee ceases to be an Eligible Participant:

- (a) Death - If a Grantee ceases to be an Eligible Participant as a result of the Grantee's death, the Payment Date or Payment Dates pursuant to Awards held by the Grantee at the time of death shall be the date of death, the heirs or successors of the Grantee shall be entitled to receive payment with respect to the Awards held by the Grantee at the time of death and the payout multiplier applicable to any Performance Awards held by the Grantee at the time of death shall be determined by the Committee.
- (b) Termination for Cause - If a Grantee ceases to be an Eligible Participant as a result of termination for cause, effective as of the date of termination all outstanding Award agreements under which Restricted Awards or Performance Awards have been made to such Grantee in respect of the Award Value thereof for which the Payment Date shall not have occurred on or before such date shall be immediately terminated and all rights to receive payments thereunder shall be forfeited by the Grantee.
- (c) Voluntary Resignation - Except as described above under "*Change of Control*", if a Grantee ceases to be an Eligible Participant as a result of a voluntary resignation, effective as of the date of resignation all outstanding Award agreements under which Restricted Awards or Performance Awards have been made to such Grantee in respect of the Award Value thereof for which the Payment Date shall not have occurred on or before such date shall be immediately terminated and all rights to receive payments thereunder shall be forfeited by the Grantee.
- (d) Termination not for Cause - Except as described above under "*Change of Control*", if a Grantee ceases to be an Eligible Participant as a result of a termination by the Corporation not for cause, effective as of the date that is sixty (60) days after such termination all outstanding Award Agreements under which Awards have been made to such Grantee, whether Restricted Awards or Performance Awards, in respect of the Award Value thereof for which the Payment Date shall not have occurred on or before the date that is sixty (60) days after such termination shall be immediately terminated and all rights to receive payments thereunder shall be forfeited by the Grantee.

Assignment Restricted

Except in the case of death, the right to receive the Award Value pursuant to a Restricted Award or Performance Award granted to an Eligible Participant may only be exercised by such Eligible Participant personally. Except as otherwise provided in the Award Plan, no assignment, sale, transfer, pledge or charge of an Award, whether voluntary, involuntary, by operation of law or otherwise, vests any interest or right in such Award whatsoever in any assignee or transferee and, immediately upon any assignment, sale, transfer, pledge or charge or attempt to assign, sell, transfer, pledge or charge, such Award shall terminate and be of no further force or effect.

Amendment Provisions

The Award Plan provides that without the prior approval of the Shareholders, or such approval as may be required by the TSX, the Board may not: (i) make any amendments to the Award Plan to increase the percentage of Common Shares reserved for issuance pursuant to outstanding Awards; (ii) make any amendment to increase the maximum limit on the number of securities that may be issued to insiders of the Corporation pursuant to the terms of the Award Plan; (iii) make any amendments to the Award Plan to permit the grant of Awards to directors who are not officers or employees of the Corporation; (iv) make any amendment to the Award Plan that would permit a grantee to transfer or assign Awards to a new beneficial grantee other than in the case of death of the grantee; (v) make any amendments to any outstanding Awards to extend the expiry date of such Awards; or (vi) make any amendment to the amending provision of the Award Plan, including the restrictions described above. In addition, no amendment to the Award Plan

or Awards may be made without the consent of the grantee of such Awards, if it adversely alters or impairs any Awards previously granted to such grantee under the Award Plan.

Burn Rate

The following sets forth the number of Awards granted during the periods noted below and the potential dilutive effect of such Awards.

Period	Number of Awards Granted⁽¹⁾	Weighted Average Common Shares Outstanding⁽¹⁾	Burn Rate⁽²⁾ (%)
2017	1,022,740	49,351,848	2.1%
2016	429,856	42,821,013	1.0%
2015	386,800	38,392,062	1.0%

Notes:

- (1) Effective July 1, 2017, Bellatrix completed a share consolidation on the basis of a consolidation ratio of five old Common Shares for one new Common Share. Both the number of Awards granted and weighted average Common Shares outstanding have been adjusted to give effect to the consolidation.
- (2) The burn rate for a given period is calculated by dividing the number of Awards granted during such period by the weighted average number of Common Shares outstanding during such period.

Pension Plans and Retiring Allowances

The Corporation does not currently provide its executive officers, including the CEO, with pension plan benefits or retiring allowances.

Termination and Change of Control Benefits

As at December 31, 2017, Bellatrix was a party to executive employment agreements ("**Executive Employment Agreements**") with each of Messrs. Eshleman, Lof, Kraus, Ulmer and Oicle. In addition, prior to their retirement, Bellatrix was a party to Executive Employment Agreements with each of Messrs. Smith and Brown. The Executive Employment Agreements provide that such agreements may be terminated by the Corporation (for reason other than "just cause") upon payment of a termination amount, in lieu of notice, in an amount equal to the sum of (i) prorated annual salary earned but not yet paid up to and including the termination date, (ii) an amount equal to the average cash

bonuses, if any, paid to the executive in the two years prior to the termination date (pro-rated to reflect the period of time that the executive was employed in the calendar year in which the termination date occurred), (iii) accrued and unused vacation and reasonable expenses and, (iv) a retiring allowance equal to one times (in the case of Messrs. Smith, Eshleman and Brown, two times, and in the case of Mr. Lof and Mr. Kraus, 1.5 times) the executive's then "total compensation", which includes base salary, average cash bonus during the past 2 years, 15% of the executive's base salary for loss of other benefits, and the amount of the executive's annual salary currently contributed to the Employee Savings Plan. For such termination amounts to be payable, the executive officer must execute a full and final release in favour of Bellatrix. There is no compensation for loss of benefits.

Pursuant to the Employment Agreements, the salary paid to each executive is subject to an annual salary review. Each executive is entitled to participate in and receive Options under the Option Plan and the executive is also entitled to participate in any executive bonus plan established by Bellatrix.

The Employment Agreements provide that during the six months following a Change of Control (as such term is defined in the Employment Agreements) if the executive's duties, powers, rights or salary are fundamentally diminished, the executive may elect to terminate the Employment Agreement and his employment, and upon doing so, the executive shall be entitled to receive a payment equal to the amount set out above.

If the Employment Agreements were terminated by Bellatrix other than for just cause (but including following a Change of Control described above), at December 31, 2017, the amounts payable thereunder to Messrs. Eshleman, Lof, Kraus, Ulmer and Oicle would have been \$1,478,445, \$870,675, \$848,156, \$842,492 and \$539,146, respectively, as well as any accrued and unused vacation and reimbursable expenses. Under the terms of the Award Plan, the Payment Date of any outstanding Awards will be accelerated in the event of a Change of Control if a Grantee is terminated without cause or constructively dismissed in connection with such Change of Control or in certain other limited circumstances. The value of the outstanding Awards held by the NEOs under the table "Outstanding Incentive Plan Awards" reflects an estimate of the amount each of the NEOs would have received if a Change of Control had occurred December 31, 2017 under the current provisions of the Award Plan. Under the Option Plan, Options do not automatically accelerate in the event of a Change of Control; however, such Options may be accelerated at the discretion of the Board. The acceleration of Options has not been included in the calculation of the termination payments for the NEOs.

Under the terms of the Employment Agreements, the NEOs have agreed that for a period of six months after the termination date, the executive shall not, directly solicit, induce, encourage or facilitate employees or consultants of the Corporation to leave the employment of, or consulting relationships with, Bellatrix. The NEOs have also agreed to keep proprietary and confidential information in confidence for so long as the information and knowledge remains proprietary and confidential.

Director Compensation

Narrative Description of Director Compensation

In 2017 the compensation for non-management directors consisted of cash retainers and meeting fees and grants of DSUs under the DSU Plan of the Corporation and certain other benefits. Directors were also reimbursed for out-of-pocket expenses incurred in carrying out their duties as directors. Non-management directors are not entitled or permitted to receive grants of Options under the Option Plan or Awards under the Award Plan.

The form of compensation as well as the amount of such compensation to be provided to non-management members of the Board are recommended by the Compensation Committee and approved by the Board. Unlike compensation for Bellatrix's executive officers, the compensation of non-management directors is not designed to pay for performance but to ensure that the interests of directors are aligned with the interest of shareholders. Directors receive cash retainers and meeting fees for their services in order to help ensure unbiased decision-making. Grants of DSUs are intended to align the directors' interests with the interests of the Shareholders. In determining the compensation to be awarded to our directors, the Compensation Committee utilizes compensation information obtained from public disclosure documents of comparable issuers. Director compensation is intended to be competitive to director

compensation of comparable issuers. See "*Compensation Disclosure and Analysis*" for a list of comparable issuers included in the Corporation's Compensation Peer Group.

Each element of the Corporation's non-management director compensation program is described in more detail below.

Fees and Retainers

In 2015, each non-management director (other than the Chairman, Mr. W.C. (Mickey) Dunn) received an annual retainer of \$60,000 plus a fee of \$1,500 for every committee or Board meeting attended in person or by conference call. The Chairman received an annual retainer of \$150,000 per annum with no meeting fees (except in respect of special committee meetings, as applicable). Each of the Chairs of the Compensation, Corporate Governance and Reserves, Safety and Environment Committees received an additional annual fee of \$10,000, and the Chair of the Audit Committee received an additional annual fee of \$18,500. In conjunction with cost cutting initiatives of the Corporation, in the fourth quarter of 2015 the Board reduced their annual compensation by 10%. The reduction was effective immediately and applied to all fees earned by the directors including annual retainer fees, meeting fees and annual retainer fees for the Chairman of the Board and the Chairs of each committee. In 2016 and 2017, the Board determined to maintain the Board compensation at 2015 levels.

DSU Plan

The DSU Plan is intended to achieve the following objectives:

- to promote a greater alignment of interests between non-management directors of the Corporation and the Shareholders by providing a means to accumulate a meaningful financial interest in the Corporation that is commensurate with the responsibility, commitment and risk of directors;
- to support a compensation plan that is competitive and rewards long-term success of the Corporation as measured in total Shareholder return for the Corporation; and
- to assist the Corporation's ability to attract and retain qualified individuals with the experience and ability to serve as directors.

Under the DSU Plan, DSUs are granted by the Corporation to non-management directors that provide rights to receive, on a deferred payment basis, a cash payment based on the volume weighted average trading price of the Common Shares on the TSX for the five trading days immediately preceding the day of payment. Management directors are not eligible to participate in the DSU Plan.

In addition to an annual grant of DSUs and any other discretionary grants which may be approved by the Board to non-management directors, the DSU Plan also provides that non-management directors may from time to time elect to receive any portion of their annual Board member retainer and other fees in the form of DSUs. A director wishing to receive such remuneration in the form of DSUs must elect to do so by notice to the Corporation prior to the commencement of the year in respect of which the remuneration is to be earned and may only withdraw such election on a once yearly basis. A director's remuneration elected to be received in the form of DSUs (if any) is referred to as the "**Deferred Remuneration**". The Corporation credits DSUs in respect of Deferred Remuneration to a director's account on the date that the director's Deferred Remuneration would otherwise be payable. The number of DSUs to be credited is determined by dividing the amount of the Deferred Remuneration by the volume weighted average trading price of the Common Shares on the TSX for the five trading days immediately preceding the date the DSUs are credited.

DSUs vest immediately upon being credited to a director's account; however, a director is not entitled to receive payment of any amount for DSUs credited to his or her account until following that director's retirement from all positions with the Corporation, or where a director has (except as a result of death) otherwise ceased to hold any positions with the Corporation. Following such termination of services, all DSUs credited to the director's account will be redeemed by the Corporation as of the maturity date, being December 1st of the calendar year immediately following the year in which the termination of service occurred or such earlier date following the termination of services as elected by the director by notice to the Corporation (either such date, the "**Maturity Date**").

A director is not entitled to receive any amount prior to his or her Maturity Date. Within ten calendar days following the Maturity Date, the Corporation will make a lump sum cash payment, net of any applicable withholdings, to the director equal to the number of DSUs credited to the director's account as of the date of termination of such director's services to the Corporation, multiplied by the volume weighted average trading price of the Common Shares on the TSX for the five trading days immediately preceding the Maturity Date.

If a director dies while in office or after ceasing to hold all positions with the Corporation but before the Maturity Date, the Corporation will, within 90 days of the date of death, make a lump sum cash payment to the director's estate in an amount equal to the number of DSUs credited to the director's account as of the date of death multiplied by the volume weighted average trading price of the Common Shares on the TSX for the five trading days immediately preceding the date of death.

At the election of the Board, subject to any required approval of the TSX and, if required by the policies of the TSX, the Shareholders, the Board may elect to deliver Common Shares issued from treasury in satisfaction in whole or in part of any payment to be made upon the redemption of Deferred Share Units, in which case such number of Common Shares shall be issued equal to the number of Deferred Share Units in the director's account on the date of termination of the directors' services to the Corporation or the date of death of the director, as applicable.

Although the Corporation does not currently anticipate paying dividends at any time in the near future, if dividends are paid on the Common Shares, additional DSUs are credited to the director's account as of the dividend payment date, based on the dollar amount of the dividends notionally payable in respect of such number of DSUs in the director's account on the dividend payment date, divided by the volume weighted average trading price of the Common Shares on the TSX for the five trading days immediately preceding the dividend payment date.

Other Benefits

In November 2017 the Board amended the Employee Savings Plan to permit Director participation in the plan. Pursuant to the Employee Savings Plan, a Director may contribute up to 10% of their base board retainer, excluding meeting fees and fees paid for chairing a committee of the Board.

Directors are eligible to claim health, medical, dental and wellness expenses for themselves and their spouses up to a maximum of \$20,000 per annum per director pursuant to Health Care and Wellness Spending Accounts established for each director. The Health Care and Wellness Spending Accounts established for each director are substantially the same as the Health Care and Wellness Spending Accounts established for executive officers.

This methodology for calculating the fair value of the DSU awards on the grant date is consistent with the initial fair value determined in accordance with IFRS 2; however, under IFRS the fair value of the awards is re-measured as at the December 31, 2017 balance sheet date using the same methodology. As a result, the total compensation expense for these DSU grants under IFRS for the year ended December 31, 2017 would be approximately \$390,708 (or on average \$43,412 per director) lower in aggregate for all directors.
- (7) Includes premiums paid on behalf of Messrs. Baker, Dunn and Turnbull as members of the Corporation's medical and dental benefit plan and amounts of reimbursement to each director under Health and Wellness Spending Accounts.

None of our or our subsidiaries' directors, executive officers, employees or any of our, or our subsidiaries', former directors, executive officers or employees or any associates of any such directors or officers, is, or has been at any time since the beginning of the most recently completed financial year of the Corporation, indebted to the Corporation in respect of any indebtedness that is still outstanding, nor is, or at any time since the beginning of the most recently completed financial year has, any indebtedness of any such person been the subject of a guarantee, support agreement, letter of credit or other similar arrangement or understanding provided by the Corporation.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

National Instrument 58-101 - *Disclosure of Corporate Governance Practices* ("**NI 58-101**") requires that if management of an issuer solicits proxies from its securityholders for the purpose of electing directors that certain prescribed disclosure respecting corporate governance matters be included in its management information circular. The TSX also requires listed companies to provide, on an annual basis, the corporate governance disclosure which is prescribed by NI 58-101.

The prescribed corporate governance disclosure for the Corporation is that contained in Form 58-101F1 which is attached to NI 58-101 ("**Form 58-101F1 Disclosure**").

Set out below is a description of the Corporation's current corporate governance practices, relative to the Form 58-101F1 Disclosure. The Audit Committee Information required by National Instrument 52-110 – *Audit Committees* can be found in the Corporation's Annual Information Form for the year ending December 31, 2017.

1. Board of Directors

- (a) *Disclose the identity of directors who are independent.*

The following nine (9) directors of the Corporation are independent (for purposes of NI 58-101):

Murray L. Cobbe
 John H. Cuthbertson
 W.C. (Mickey) Dunn
 Lynn Kis
 Keith E. Macdonald
 Thomas E. MacInnis
 Steven J. Pully
 Murray B. Todd
 Keith S. Turnbull

John H. Cuthbertson is a partner of a law firm that provides legal services to the Corporation, the Corporate Governance Committee has determined that Mr. Cuthbertson does not have a material relationship with the Corporation which could, in the view of the Corporate Governance Committee, be reasonably expected to interfere with the exercise of Mr. Cuthbertson's independent judgement and as such has determined Mr. Cuthbertson is independent. In coming to this conclusion, the Corporate Governance Committee considered a number of factors including that (i) the fees billed in 2017 to the Corporation by the law firm in which Mr. Cuthbertson is a partner represented less than 2% of the total consolidated gross revenues of such law firm; (ii) Mr. Cuthbertson is not responsible for billing the Corporation for services provided by such law firm; (iii) Mr. Cuthbertson does not personally provide any legal services to the Corporation; and (iv) Mr. Cuthbertson does not directly oversee any other lawyers that provide legal services to the Corporation.

- (b) ***Disclose the identity of directors who are not independent, and describe the basis for that determination.***

Brent A. Eshleman is not independent as he is the President and CEO of the Corporation.

- (c) ***Disclose whether or not a majority of directors are independent. If a majority of directors are not independent, describe what the board of directors (the board) does to facilitate its exercise of independent judgement in carrying out its responsibilities.***

A majority of the nominees for election as directors of the Corporation (9 of the 10) are independent.

- (d) ***If a director is presently a director of any other issuer that is a reporting issuer (or the equivalent) in a jurisdiction or a foreign jurisdiction, identify both the director and the other issuer.***

The following nominees for election as directors are presently directors of other issuers that are reporting issuers (or the equivalent):

Name of Director	Name of Other Reporting Issuers
Brent A. Eshleman	None
Murray L. Cobbe	Trican Well Service Ltd. Secure Energy Services Inc.
John H. Cuthbertson	None

- (e) ***Disclose whether or not the independent directors hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. If the independent directors hold such meetings, disclose the number of meetings held since the beginning of the issuer's most recently completed financial year. If the independent directors do not hold such meetings, describe what the board does to facilitate open and candid discussion among its independent directors.***

At the end of or during each meeting of the Board, the independent directors are given the opportunity to meet in camera and without the members of management of the Corporation and the non-independent directors of the Corporation who are present at such meeting. This has occurred for each meeting of the Board held since the beginning of the most recently completed financial year. In addition, other meetings of the independent directors may be held from time to time if required, however, since the beginning of the Corporation's most recently completed financial year no meetings of the independent directors have been held.

- (f) ***Disclose whether or not the chair of the board is an independent director. If the board has a chair or lead director who is an independent director, disclose the identity of the independent chair or lead director, and describe his or her role and responsibilities. If the board has neither a chair that is independent nor a lead director that is independent, describe what the board does to provide leadership for its independent directors.***

The Chairman of the Board is W.C. (Mickey) Dunn, who is an independent member of the Board. The Chairman presides at all meetings of the Board and, unless otherwise determined, at all meetings of Shareholders and to enforce the rules of order in connection with such meetings. The Chairman is to provide overall leadership to the Board without limiting the principle of collective responsibility and the ability of the Board to function as a unit. The Chairman is to endeavour to fulfill his Board responsibilities in a manner that will ensure that the Board is able to function independently of management and is to consider, and allow for, when appropriate, a meeting of independent directors, so that Board meetings can take place without management being present. The Chairman is also to endeavour to ensure that reasonable procedures are in place to allow directors to engage outside advisors at the expense of the Corporation in appropriate circumstances.

- (g) ***Disclose the attendance record of each director for all board meetings held since the beginning of the issuer's most recently completed financial year through to March 26, 2018.***

4. Orientation and Continuing Education

- (a) ***Briefly describe what measures the board takes to orient new directors regarding (i) the role of the board, its committees and its directors, and (ii) the nature and operation of the issuer's business.***

While the Corporation does not currently have a formal orientation and education program for new recruits to the Board, the Corporation has historically provided such orientation and education on an informal basis. As new directors have joined the Board, management has provided these individuals with corporate policies, historical information about the Corporation, as well as information on the Corporation's performance and its strategic plan with an outline of the general duties and responsibilities entailed in carrying out their duties. The Board believes that these procedures have proved to be a practical and effective approach in light of the Corporation's particular circumstances, including the size of the Corporation, limited turnover of the directors and the experience and expertise of the members of the Board.

Such updates are conducted by senior levels of management with responsibility in the various areas under discussion. In addition, from time to time, presentations and seminars are provided to the Board, recent examples of which include presentations on the capital markets and the Corporation's position relative to its peers by investment bankers, a presentation on commodity prices by an industry expert in the area and presentations on new accounting pronouncements and rules, including International Financial Reporting Standards, by the auditors the Corporation. The Corporation also encourages directors to attend, enrol or participate in courses and/or seminars dealing with financial literacy, corporate governance and related matters and has agreed to pay the cost of certain courses.

5. Ethical Business Conduct

- (e) *Describe any steps the board takes to ensure directors exercise independent judgement in considering transactions and agreements in respect of which a director or executive officer has a material interest.*

In accordance with the *Business Corporations Act* (Alberta), directors who are a party to, or are a director or an officer of a person which is a party to, a material contract or material transaction or a proposed material contract or proposed material transaction are required to disclose the nature and extent of their interest and not to vote on any resolution to approve the contract or transaction. In addition, in certain cases, an independent committee of the Board may be formed to deliberate on such matters in the absence of the interested party.

- (f) *Describe any other steps the board takes to encourage and promote a culture of ethical business conduct.*

In addition to the Code, the Board has also adopted a "Whistleblower Policy" wherein employees of the Corporation are provided with the mechanics by which they may raise concerns in a confidential, anonymous process. 6. Nomination of Directors

- (a) *Describe the process by which the board identifies new candidates for board nomination.*

The Corporate Governance Committee is responsible for recommending to the Board suitable candidates for nominees for election or appointment as directors, and recommending the criteria governing the overall composition of the Board and governing the desirable characteristics for directors. In making such recommendations, the Corporate Governance Committee is to consider: (i) the needs of the Corporation and its stage of development and the competencies and skills that the Board considers to be necessary for the Corporation and the Board, as a whole, to possess; (ii) the competencies and skills that the Board considers each existing director to possess; (iii) the competencies and skills each new nominee will bring to the boardroom; and (iv) whether or not each new nominee can devote sufficient time and resources to his or her duties as a member of the Board.

The mandate of the Corporate Governance Committee provides, at least annually, assessment of the effectiveness of the Board as whole, the committees of the Board and the contribution of individual

directors (including the competencies and skills that each individual director is expected to bring to the Board), including considering the appropriate size of the Board. The most recent evaluation occurred in 2017. Each director of the Corporation completed an evaluation of their own skills and contributions to the Corporation as well as the skills and contributions of the other members of the Board. The directors also provided feedback on their views of the effectiveness of the Board and each of the Committees. The Corporate Governance used these evaluations to review the skills and experience of the directors of Bellatrix to assess whether the Board's skills and experience needed to be strengthened in any area. The Corporate Governance Committee also assessed the knowledge and character of all directors and other factors such as independence of the directors to ensure that the Board is operating effectively and independently of management. The Corporate Governance Committee considered the term of service and age of individual directors, the average term of the Board as a whole and turnover of directors over the prior years in conducting its assessments.

- (b) ***Disclose whether or not the board has a nominating committee composed entirely of independent directors. If the board does not have a nominating committee composed entirely of independent directors, describe what steps the board takes to encourage an objective nomination process.***

The Corporate Governance Committee is responsible for nominating directors. All of the members thereof are independent for this purpose.

- (c) ***If the board has a nominating committee, describe the responsibilities, powers and operation of the nominating committee.***

See item 6(a).

If the board does not have a compensation committee composed entirely of independent directors, describe what steps the board takes to ensure an objective process for determining such compensation.***

All the members of the Compensation Committee are independent for such purpose.

- (c) ***If the board has a compensation committee, describe the responsibilities, powers and operation of the compensation committee.***

See "Statement of Executive Compensation – Compensation Governance – Compensation Committee Mandate".

8. Other Board Committees – If the board has standing committees other than the audit, compensation and nominating committees, identify the committees and describe their function.

Other than the Audit and Compensation Committees, the Corporation has established a Reserves, Safety and Environmental Committee and the Corporate Governance Committee.

The Corporate Governance Committee acts as the nominating committee of the Corporation and carries out the functions with respect thereto as described under Item 6(a). In addition, the Corporate Governance Committee is responsible for developing the approach of the Corporation in matters concerning corporate governance including:

- (A) annually reviewing the mandates of the Board and its committees, including the Corporate Governance Committee Mandate, and recommend to the Board such amendments to those mandates as the Committee believes are necessary or desirable;
- (B) considering and, if thought fit, approving requests from directors or committees of directors of the engagement of special advisors from time to time;

Copies of the mandates of each of the standing committees of the Board are available on Bellatrix's website at www.bxe.com/responsibility/governance/committees.cfm.

- 9. Assessments – Disclose whether or not the board, its committees and individual directors are regularly assessed with respect to their effectiveness and contribution. If assessments are regularly conducted, describe the process used for the assessments. If assessments are not regularly conducted, describe how the board satisfies itself that the board, its committees, and its individual directors are performing effectively.**

The Corporate Governance Committee is responsible by its terms of reference to evaluate the effectiveness of the Board, committees and individual directors. The mandate of the Corporate Governance Committee provides that, at least annually, the assessment of the effectiveness of the Board and the contribution of individual directors (including the competencies and skill that each individual director is expected to bring to the Board), including considering the appropriate size of the Board. The most recent evaluation occurred in 2017. Each director of the Corporation completes an evaluation of their own skills and contributions to the Corporation as well as the skills and contributions of the other members of the Board. The directors also provide feedback on their views of the effectiveness of the Board and each of the Committees. The Corporate Governance Committee uses these evaluations to review the skills and experience of the directors of Bellatrix to assess whether the Board's skills and experience needed to be strengthened in any area. The Corporate Governance Committee also assesses on a periodic basis the knowledge and character of all directors and other factors such as independence of the directors to ensure that the Board is operating effectively and independently of management. The Corporate Governance Committee considers the term of service and age of individual directors, the average term of the Board as a whole and turnover of directors over the prior years in conducting its assessments.

- 10. Director Term Limits and Other Mechanisms of Board Renewal - Disclose whether or not the issuer has adopted term limits for the directors on its board or other mechanisms of board renewal and, if so, include a description of those director term limits or other mechanisms of board renewal. If the issuer has not adopted director term limits or other mechanisms of board renewal, disclose why it has not done so.**

In addition to considering the skills and experience of the Board, pursuant to the Board and Management Diversity and Board Renewal Policy (the "**Diversity and Board Renewal Policy**") the Corporate Governance Committee also assesses the knowledge, character and experience of all nominees to the Board and other factors such as independence of the directors to ensure that the Board is operating effectively and independently of management. The Corporate Governance Committee considers both the term of service and age of individual directors, the average term of the Board as a whole and turnover of directors over the prior years when proposing nominees for election of the directors of the Corporation. The Corporate Governance Committee considers the benefits of regular renewal in the context of the needs of the Board at the time and the benefits of the institutional knowledge of the Board members.

The Board does not believe that fixed term limits or mandatory retirement ages are in the best interest of Bellatrix. Therefore the Board has not specifically adopted term limits. However, the Corporate Governance Committee has addressed Board renewal by conducting assessments of the members of the Board and the Board as a whole in accordance with the Diversity and Board Renewal Policy. As indicated above the Corporate Governance Committee reviews the skills and experience of the current directors of Bellatrix to assess whether the Board's skills and experience need to be strengthened in any area. As a result of this renewal process, in 2017 two independent Board members, Doug Baker and Melvin Hawkrigg retired from the Board and two new independent members, Lynn Kis and Thomas A. MacInnis, were appointed to the Board.

11. Policies Regarding the Representation of Women on the Board

- (a) *Disclose whether the issuer has adopted a written policy relating to the identification and nomination of women directors. If the issuer has not adopted such a policy, disclose why it has not done so.*

On March 15, 2016 the Board adopted the Diversity and Board Renewal Policy which sets out the Corporation's policy regarding the identification and nomination of women directors.

- (b) *If an issuer has adopted a policy referred to in (a), disclose the following in respect of the policy: (i) a short summary of its objectives and key provisions, (ii) the measures taken to ensure that the policy has been effectively implemented, (iii) annual and cumulative progress by the issuer in achieving the objectives of the policy, and (iv) whether and, if so, how the board or its nominating committee measures the effectiveness of the policy.*

The Diversity and Board Renewal Policy provides that the Board believes that Board nominations and executive officer appointments should be made on the basis of the skills, knowledge, experience and character of individual candidates and the requirements of the Board and management at the time. As a result, no targets relating to the identification and nomination of women directors have been adopted in the policy to date and the emphasis in filling Board vacancies has been finding the best qualified candidates given the needs and circumstances of the Board; however, a nominee's diversity of age, gender, race, ethnicity, religion, experience and other attributes has and will be considered favourably in the assessment of director nominees. Moreover, the Diversity and Board Renewal Policy provides that as to gender, the Board is receptive to increasing the representation of women on the Board as turnover occurs, taking into account the skills, background, experience and knowledge desired at that particular time by the Board and its Committees. Further, the Board also encourages the consideration of women who have the necessary skills, knowledge, experience and character for promotion or hiring into an executive officer position within Bellatrix.

In addition, the Diversity and Board Renewal Policy identifies a matrix of skills and experience that are required by the members of the Board as a collective. These skills include, among others, executive leadership, value creation, and specific skills such as accounting, corporate finance, reserves and resource evaluation and legal, regulatory and governmental. The skills are reviewed annually by the Compensation Committee and updated as necessary. As part of the Board's renewal process, the Compensation Committee also annually reviews the skills and experience of the current directors of Bellatrix to assess whether the Board's skills and experience need to be strengthened in any area. In addition to this assessment, the Compensation Committee also assesses the knowledge and character of all nominees to the Board and other factors such as independence of the directors to ensure that the Board is operating effectively and independently of management. The Compensation Committee is also authorized under its charter to retain experts to assist it in "board searches" for qualified candidates.

To measure the effectiveness of the Diversity and Board Renewal Policy, the Compensation Committee is required to review annually the process of identifying women candidates as potential nominees for Board positions and the skills, knowledge, experience and character of any such women candidates relative to other candidates to ensure that women candidates are being fairly considered relative to other candidates. In addition, the Compensation Committee will do a similar review of appointments of executive officer positions to ensure that women with the appropriate skills, knowledge, experience and character are being fairly considered. The Compensation Committee will also review the number of women actually appointed and serving on the Board or in management to evaluate whether it is desirable to adopt additional requirements or policies with respect to the diversity of the Board and management.

- (c) *Consideration of the Representation of Women in the Director Identification and Selection Process - Disclose whether and, if so, how the board or nominating committee considers the level of representation of women on the board in identifying and nominating candidates for election*

or re-election to the board. If the issuer does not consider the level of representation of women on the board in identifying and nominating candidates for election or re-election to the board, disclose the issuer's reasons for not doing so.

As set out in the Diversity and Board Renewal Policy and as a result of the Corporation's commitment to meritocracy the level of representation of women on the Board is not considered in identifying and nominating candidates for election or re-election to the Board; however, the Board encourages the consideration of women who have the necessary, skills, knowledge, experience and character when considering new potential candidates for the Board.

- (d) *Consideration given to the Representation of Women in Executive Officer Appointments - Disclose whether and, if so, how the issuer considers the level of representation of women in executive officer positions when making executive officer appointments. If the issuer does not consider the level of representation of women in executive officer positions when making executive officer appointments, disclose the issuer's reasons for not doing so.*

As set out in the Diversity and Board Renewal Policy and as a result of the Corporation's commitment to meritocracy the level of representation of women in executive officer positions is not considered when making executive officer appointments; however, the Board encourages the consideration of women who have the necessary, skills, knowledge, experience and character when considering new potential candidates for promotion or hiring into executive officer positions.

12. Issuer's Targets Regarding the Representation of Women on the Board and in Executive Officer Positions

- (a) *Disclose whether the issuer has adopted a target regarding women on the issuer's board. If the issuer has not adopted a target, disclose why it has not done so.*

The Corporation has not imposed quotas or targets regarding the representation of women on the Board. The Board believes that imposing quotas or targets regarding the representation of women on the Board would compromise the principles of meritocracy.

- (b) *Disclose whether the issuer has adopted a target regarding women in executive officer positions of the issuer. If the issuer has not adopted a target, disclose why it has not done so.*

The Corporation has not imposed quotas or targets regarding the representation of women in executive officer positions. The Board believes that imposing quotas or targets regarding the representation of women in executive officer positions would compromise the principles of meritocracy.

- (c) *If the issuer has adopted a target referred to in either (b) or (c), disclose: (i) the target, and (ii) the annual and cumulative progress of the issuer in achieving the target.*

Not applicable.

13. Number of Women on the Board and in Executive Officer Positions

- (a) *Disclose the number and proportion (in percentage terms) of directors on the issuer's board who are women.*

There is presently one woman serving on the Board representing 10% of the number of directors.

There are presently no women serving in executive officer positions at the Corporation.

APPENDIX "B"
MAJORITY VOTING POLICY
BOARD OF DIRECTORS

Nominees for election to the Board of Directors (the "**Board**") of Bellatrix Exploration Ltd. ("**Bellatrix**") will be asked annually to subscribe in writing to this Policy before their names are put forward by the Board.

Forms of proxy for the vote at shareholders' meetings where directors are to be elected will enable shareholders to vote "for", or to "withhold" from voting, separately for each nominee. At the shareholders' meeting, the chairman of the meeting will call for a vote by ballot on the election of directors. The scrutineers will record with respect to each nominee the number of votes cast "for" or "withheld" from a nominee, such numbers to be adjusted if required in accordance with the share provisions, by-laws, policies and procedures of Bellatrix.

This policy applies only to uncontested elections. An "uncontested election" means any election of directors where the election does not involve the circulation of proxy material required by applicable securities legislation in support of one or more nominees who are not part of the slate supported by the Board.

In an uncontested election, any nominee for director who receives a greater number of votes "withheld" from his or her election than votes "for" his or her election (a "**majority withhold vote**") shall tender his or her resignation for consideration by the Board to the Chairman of the Corporate Governance Committee promptly following certification of the shareholder vote. If the Chairman of the Corporate Governance Committee received a majority withhold vote, then he or she shall tender his or her resignation to the Chairman of Bellatrix.

The Corporate Governance Committee will promptly consider the tendered resignation and recommend to the Board whether to accept or reject it. In determining whether to recommend acceptance or rejection of the tendered resignation, the Corporate Governance Committee will consider all factors it deems relevant including, without limitation:

- (a) the reasons, if known, why shareholders "withheld" or were requested to "withhold" votes from the director. In particular, the Corporate Governance Committee will consider if shareholders "withheld" or were requested to "withhold" votes from the director for reasons other than the qualifications or individual actions of the director;
- (b) the director's length of service and qualifications;
- (c) the director's share ownership;
- (d) the director's contributions to Bellatrix;
- (e) the current mix of skills and attributes of the directors on the Board;
- (f) the impact with respect to covenants in agreements or plans; and
- (g) legal requirements, policies or guidelines (regulatory, securities or corporate laws, or stock exchange rules) for director numbers and qualifications.

The Board will consider the Corporate Governance Committee's recommendation not later than 90 days following the date of the shareholders' meeting at which the election occurred. The Board will accept the tendered resignation except in exceptional circumstances. In deciding whether to accept or reject the tendered resignation, the Board will consider the factors considered by the Corporate Governance Committee and any additional information and factors the Board believes to be relevant.

Promptly following the Board's decision, Bellatrix will disclose that decision, including an explanation of the process by which the decision was reached and, if applicable, the reasons for rejecting the tendered resignation, in a press release. A copy of the news release will be provided to the Toronto Stock Exchange. If the Board decides to accept

the director's resignation, the Corporate Governance Committee will recommend to the Board whether to fill the resulting vacancy or to continue with the reduced size of the Board.

Any director who tenders his or her resignation pursuant to this Policy will not participate in the Corporate Governance Committee recommendation or the Board consideration whether to accept or reject the tendered resignation. If a majority of the members of the Corporate Governance Committee received a majority withhold vote at the same election, then the directors who did not receive a majority withhold vote will appoint a Board committee among themselves solely for the purpose of considering the tendered resignations and such special committee will recommend to the Board whether to accept or reject them within the 90 day period. If there are not at least three directors who did not receive a majority withheld vote, then all directors shall participate in any decision to accept the resignations. Except as set forth in this paragraph, a director who tenders his or her resignation pursuant to this Policy will continue to participate in all meetings of the Board and any applicable committees of the Board on which such director serves until such time, if applicable, as the Board decides to accept the director's tendered resignation. The tendered resignation will become effective when accepted by the Board.

In the event that any director who received a majority withhold vote does not tender his or her resignation in accordance with this Policy, he or she shall not be re-nominated by the Board and shall not be entitled to any benefits (financial or otherwise) of a director or past director of Bellatrix.

The Board and the Corporate Governance Committee may adopt such procedures as it sees fit to assist in its determinations under this Policy.

Notwithstanding the foregoing, Options granted in exchange for and in substitution for Incentive Rights shall be granted at the Exercise Price (as defined in the Incentive Plan) of such Incentive Rights and shall vest and expire on the same dates as provided in the applicable Incentive Right exchanged.

8. Option Terms

The period during which an Option is exercisable shall, subject to the provisions of the Plan requiring or permitting acceleration of rights of exercise, be such period, not in excess of five (5) years, as may be determined from time to time by the Committee but subject to the rules of any stock exchange or other regulatory body having jurisdiction, and in the absence of any determination to the contrary will be five (5) years from the date of grant. Each Option shall, among other things, contain provisions to the effect that the Option shall be personal to the Optionee and shall not be assignable. In addition, each Option shall provide that:

- (a) upon the death of the Optionee, the Option shall terminate on the date determined by the Committee which shall not be more than twelve (12) months from the date of death and, in the absence of any determination to the contrary, will be six (6) months from the date of death; and
- (b) if the Optionee shall no longer be a director or officer of or be in the employ of, or consultant or other Service Provider to, either the Corporation or a subsidiary of the Corporation (other than by reason of death), the Option shall terminate on the expiry of the period (the "**Termination Date**") not in excess of six (6) months prescribed by the Committee at the time of grant, following the date that the Optionee ceases to be a director or officer of, or an employee of or a consultant or other Service Provider to, either the Corporation or a subsidiary of the Corporation and, in the absence of any determination to the contrary, will be sixty (60) days following the date that the Optionee ceases to be a director or officer of, or an employee of or a consultant or other Service Provider to, the Corporation or any subsidiary of the Corporation;

provided that the number of Common Shares that the Optionee (or his or her heirs or successors) shall be entitled to purchase until such date of termination shall be the number of Common Shares which the Optionee was entitled to

purchase on the date the Optionee ceased to be an officer, director, employee, consultant or other Service Provider, as the case may be.

The Plan does not confer upon an Optionee any right with respect to continuation of employment by the Corporation or any subsidiary thereof, nor does it interfere in any way with the right of the Optionee, the Corporation or a subsidiary thereof to terminate the Optionee's employment or service provision at any time.

If the normal expiry date of any Options falls within any Black-Out Period or within seven (7) business days following the end of any Black-Out Period ("**Black-Out Options**"), then the Expiry Date of such Black-Out Options shall, without any further action, be extended to the date that is seven (7) business days following the end of such Black-Out Period. The foregoing extension applies to all Options whatever the date of grant and shall not be considered an extension of the term of the Options as referred to in Section 20 hereof.

9. Exercise of Option

Subject to the provisions of the Plan, an Option may be exercised from time to time by delivery to the Corporation at its head office in Calgary, Alberta or such other place as may be specified by the Corporation, of a written notice of exercise specifying the number of Common Shares with respect to which the Option is being exercised and accompanied by payment in full of the purchase price of the shares then being purchased and payment in full of any amount required to be paid pursuant to Section 18.

10. Cashless Exercise

Subject to the provisions of the Plan, if permitted by the Committee, an Optionee may elect to exercise an Option by surrendering such Option in exchange for the issuance of Common Shares equal to the number determined by dividing the Market Price (calculated as at the date of exercise) into the difference between the Market Price (calculated as at the date of exercise) and the exercise price of such Option. An Option may be exercised pursuant to this Section 10 from time to time by delivery to the Corporation at its head office in Calgary, Alberta or such other place as may be specified by the Corporation, of a written notice of exercise specifying that the Optionee has elected to a cashless exercise of such Option and the number of Options to be exercised. The Corporation will not be required, upon the exercise of any Options pursuant to this Section 10, to issue fractions of Common Shares or to distribute certificates which evidence fractional Common Shares. In lieu of fractional Common Shares, there will be paid to the Optionee by the Corporation upon the exercise of such Options pursuant to this Section 10 within ten (10) business days after the exercise date, an amount in lawful money of Canada equal to the then fair market value of such fractional interest (as determined by the Committee), provided that the Corporation will not be required to make any payment, calculated as aforesaid, that is less than \$10.00. Upon exercise of the foregoing, the number of Common Shares actually issued shall be deducted from the number of Common Shares reserved with the Exchange for future issuance under the Plan and the balance of the Common Shares that were issuable pursuant to the Options so surrendered shall be considered to have been cancelled and available for further issuance.

11. Surrender Offer

An Optionee may make an offer (the "**Surrender Offer**") to the Corporation, at any time, for the disposition and surrender by the Optionee to the Corporation (and the termination thereof) of any of the Options granted hereunder for an amount (such amount not to exceed the difference between the fair market value of the Common Shares (at the time of the Surrender Offer) issuable upon exercise of an Option and the exercise price of the Option) specified therein by the Optionee and the Corporation may, but is not obligated to, accept the Surrender Offer, subject to any regulatory approval required. If the Surrender Offer, either as made or as renegotiated, is accepted, the Options in respect of which the Surrender Offer relates shall be surrendered and deemed to be terminated and cancelled and shall cease to grant the Optionee any further rights thereunder upon payment of the amount of the agreed Surrender Offer by the Corporation to the Optionee. Upon the surrender and termination of Options pursuant to a Surrender Offer, the Common Shares issuable pursuant to such Options shall, for purposes of the number of Common Shares reserved for issuance with the Exchange, be available for further grants. The Corporation may at its sole discretion elect to allow an Optionee to claim such deductions in computing taxable income of such Optionee, if any, that may be available to the Optionee in respect of any amount received by the Optionee pursuant to this pursuant to this Section 11, however, the Corporation is under no obligation, express or implied, to make such election.

12. Alterations in Shares

In the event, at any time or from time to time, that the share capital of the Corporation shall be consolidated or subdivided prior to the exercise by the Optionee, in full, of any Option in respect of all of the shares granted or the Corporation shall pay a dividend upon the Common Shares by way of issuance to the holders thereof of additional Common Shares, Options with respect to any shares which have not been purchased at the time of any such consolidation, subdivision or stock dividend shall be proportionately adjusted so that the Optionee shall from time to time, upon the exercise of an Option, be entitled to receive the number of shares of the Corporation the Optionee would have held following such consolidation, subdivision or stock dividend if the Optionee had purchased the shares and had held such shares immediately prior to such consolidation, subdivision or stock dividend. Upon any such adjustments being made, the Optionee shall be bound by such adjustments and shall accept the terms of such Options in lieu of the Options previously outstanding.

13. Mergers, Amalgamation and Sale

If the Corporation shall become merged (whether by plan of arrangement or otherwise) or amalgamated in or with another corporation or shall sell the whole or substantially the whole of its assets and undertakings for shares or securities of another corporation or other entity, the Corporation shall, subject to this Section 13, make provision that, upon exercise of an Option during its unexpired period after the effective date of such merger, amalgamation or sale, the Optionee shall receive such number of shares of the continuing successor corporation or other entity in such merger or amalgamation or the securities or shares of the purchasing corporation or other entity as the Optionee would have received as a result of such merger, amalgamation or sale if the Optionee had purchased the shares of the Corporation immediately prior thereto for the same consideration paid on the exercise of the Option and had held such shares on the effective date of such merger, amalgamation or sale and, upon such provision being made, the obligation of the Corporation to the Optionee in respect of the Common Shares subject to the Option shall terminate and be at an end and the Optionee shall cease to have any further rights in respect thereof. Alternatively, and in lieu of making such provision in the event of such merger, amalgamation or sale, or in the event that a take-over bid (which is not exempt from the take-over bid requirements of the *Securities Act* (Alberta) or its replacement or successor provisions) shall be made for Common Shares and if such take-over bid shall have been approved or recommended for acceptance by the Board of Directors of the Corporation, the Corporation shall have the right to satisfy any obligations to the Optionee in respect of any Options outstanding by paying to the Optionee, in cash, and as proceeds of disposition for this Option, the difference between the exercise price of all unexercised Options granted hereunder and the fair market value of the securities to which the Optionee would be entitled upon exercise of all unexercised Options. The Corporation may, at its sole discretion, elect to allow an Optionee to claim such deductions in computing taxable income of such Optionee, if any, that may be available to the Optionee in respect of any amount received by the Optionee pursuant to this Section 13, however, the Corporation is under no obligation, express or implied, to make such election. Adjustments under this section and any determinations as to fair market value of any securities shall be made by the Committee, and any reasonable determination made by the Committee shall be binding and conclusive upon and, upon payment as aforesaid, the Options shall terminate and the Optionee shall cease to have any further rights in respect thereof.

14. No Rights as a Shareholder

An Optionee shall not have any of the rights or privileges of a shareholder of the Corporation in respect of any Common Shares issuable upon exercise of an Option until certificates representing such Common Shares have been issued and delivered.

15. Cessation of Employment

For the purposes of this Plan and all option agreements, unless otherwise provided in the applicable option agreement, an Optionee shall be deemed to have ceased to be a Service Provider and an Optionee shall be deemed to have terminated or resigned from employment or consulting arrangement with the Corporation or any of its subsidiaries, as applicable, for the purposes hereof on the first to occur of such termination or resignation or the date (as determined by the Board) that the Optionee ceases in the active performance of all of the regular duties of the Optionee's job, which includes the carrying on of all of the usual and customary day-to-day duties of the job for the normal and scheduled number of hours in each working day, unless the foregoing is a result in a leave of absence

("Leave") approved for this purpose by the Committee or senior officer to whom such Service Provider reports; the foregoing to apply whether or not adequate or proper notice of termination shall have been provided by and to the Corporation or its subsidiaries, as applicable, in respect of such termination of employment or consulting arrangement. If the Optionee shall take a Leave, the Committee may, in its sole discretion, also modify or change the vesting of any Options granted to such Optionee to take into account the period of the Leave.

16. Regulatory Authorities Approvals

The Plan shall be subject to the approval, if required, of any stock exchange on which the Common Shares are listed for trading. Any Options granted prior to such approval and after listing on any such stock exchange shall be conditional upon such approval being given and no such Options may be exercised unless such approval, if required, is given.

17. Option Agreements

A written agreement will be entered into between the Corporation and each Optionee to whom an Option is granted hereunder, which agreement will set out the number of Common Shares subject to Option, the exercise price, the vesting dates, circumstances when vesting of Options may be accelerated, the expiry date and any other terms approved by the Committee, all in accordance with the provisions of this Plan. The agreement will be in such form as the Committee may from time to time approve or authorize the officers of the Corporation to enter into and may contain such terms as may be considered necessary in order that the Option will comply with any provisions respecting Options in the income tax or other laws in force in any country or jurisdiction of which the person to whom the Option is granted may from time to time be a resident or citizen or the rules of any regulatory body having jurisdiction over the Corporation. Such agreements may also contain such other provisions not inconsistent with the provisions hereof as the Committee may determine.

18. Tax Withholding

The Corporation shall have the power and the right to deduct or withhold, or require (as a condition of exercise) an Optionee to remit to the Corporation, the required amount to satisfy, in whole or in part, federal, provincial, and local taxes, domestic or foreign, required by law or regulation to be withheld with respect to any taxable event arising as a result of the Plan, including the grant or exercise of Options granted under the Plan. With respect to required withholding, the Corporation shall have the irrevocable right to (and the Optionee consents to) the Corporation setting off any amounts required to be withheld, in whole or in part, against amounts otherwise owing by the Corporation to such Optionee (whether arising pursuant to the Optionee's relationship as a director, officer or employee of the Corporation or as a result of the Optionee providing services on an ongoing basis to the Corporation or otherwise), or may make such other arrangements satisfactory to the Optionee and the Corporation. In addition, the Corporation may elect, in its sole discretion, to satisfy the withholding requirement, in whole or in part, by withholding such number of Common Shares as it determines are required to be sold by the Corporation, as trustee, to satisfy the withholding obligation net of selling costs (which costs shall be the responsibility of the Optionee and which shall be and are authorized to be deducted from the proceeds of sale). The Optionee consents to such sale and grants to the Corporation an irrevocable power of attorney to effect the sale of such Common Shares and acknowledges and agrees that the Corporation does not accept responsibility for the price obtained on the sale of such Common Shares. Any reference in this Plan to the issuance of Common Shares or a payment of cash is expressly subject to this Section 18.

19. No Guarantees Regarding Tax Treatment.

Optionees (or their beneficiaries) shall be responsible for all taxes with respect to any Option under the Plan, whether arising as a result of the grant or exercise of Options or otherwise. The Corporation and the Committee make no guarantees to any person regarding the tax treatment of a Option or payments made under the Plan and none of the Corporation or any of its employees or representatives shall have any liability to an Optionee with respect thereto.

20. Amendment or Discontinuance of the Plan

Subject to the restrictions set out in this Section 20, the Committee may amend or discontinue the Plan and Options granted thereunder at any time without shareholder approval; provided any amendment to the Plan that requires approval of any stock exchange on which the Common Shares are listed for trading may not be made without approval of such stock exchange. Without the prior approval of the shareholders, or such approval as may be required by the Exchange, the Committee may not:

- (a) make any amendment to the Plan to increase the percentage of Common Shares reserved for issuance on exercise of outstanding Options at any time pursuant to Subsection 5(a) hereof;
- (b) reduce the exercise price of any outstanding Options;
- (c) extend the term of any outstanding Option beyond the original expiry date of such Option;
- (d) an amendment to increase the maximum limit on the number of securities that may be issued to Insiders pursuant to Section 5(b) or (c);
- (e) an amendment to the Plan to permit the grant of Options to directors who are not officers or employees of the Corporation;
- (f) make any amendment to the Plan that would permit an Optionee to transfer or assign Options to a new beneficial Optionee other than in the case of death of the Optionee; or
- (g) an amendment to amend this Section 20.

The Committee may amend or terminate the Plan or any outstanding Option granted hereunder at any time without the approval of the Corporation, the shareholders of the Corporation or any Optionee whose Option is amended or terminated, in order to conform the Plan or such Option, as the case may be, to applicable law or regulation or the requirements of any relevant stock exchange or regulatory authority, whether or not that amendment or termination would affect any accrued rights, subject to the approval of that stock exchange or regulatory authority.

In addition, no amendment to the Plan or Options granted pursuant to the Plan may be made without the consent of the Optionee, if it adversely alters or impairs any Option previously granted to such Optionee under the Plan.

21. Applicable Law

This Plan shall be governed by, administered and construed in accordance with the laws of the Province of Alberta and the laws of Canada applicable therein.

22. Effective Time

This Plan shall be effective as of the 26th day of March, 2018.
